Hospital Fund Drive Reports Monday At Noon

First report meeting in the James Memorial hospital expansion fund campaign will be made Monday, January 19, in the Castleton hotel at noon.

L. B. Round, chairman of the general campaign, today urged all leaders and workers to plan to attend.

Chairmen and captains have been asked to make reservations for their workers as soon as possible by calling headquarters.

Activity Reported

Meanwhile, activity is reported on all fronts of the campaign today, with industrial employee solicitation getting under way in most of the area plants before the week-end.

Many of the industrial employee groups plan to take memorials in the new wing of the hospital.

Mr. Round announced today that Police Chief Frank M. Clark will serve as chairman of the campaign in Bessemer. Organization and solicitation in other county areas is proceeding according to schedule, despite the touch of winter.

Complete schedule of campaign report meetings is as follows: Monday, January 19; Wednesday, January 21; Friday, January 23; and Monday, January 26.

All are noon meetings except the final meeting on January 26, which will be held at 6:15 p. m.

Pianist-Actress Has Disappeared

Fear 14-Year-Old Jacqueline Horner May Have Been Kidnaped In California

(BULLETIN)

HOLLYWOOD, Jan. 16.—(INS)—A widespread search, spurred by fears of kidnapping, spread throughout Southern California today for 14-year-old Jacqueline Horner, brilliant pianist-actress, who mysteriously disappeared last Tuesday.

Attorney Paul Hill, representing the child's mother, Mrs. Clara Horner, asked the FBI to join the search on the theory she may have been kidnapped.

No ransom note has been received, however, and whether the FBI could or would join with police and deputy sheriffs in the search was not immediately made known.

Jacqueline disappeared while walking from her Hollywood home to her private tutor's home, a distance of three blocks. She never reached the school.

Police have been unable to locate anyone who saw the girl on the route to the school.

Marshall Warns U. S. Must Sacrifice To Build Barrier For Communism

By JIMMY JORDAN
(U. S. Staff Correspondent)

PITTSBURGH, Jan. 16.—The United States has a warning from Secretary of State George C. Marshall today that it must make sacrifices to build a barrier against Communism in western Europe.

In an address before the Pittsburgh Chamber of Commerce last night, the former army chief of staff reiterated that any major alteration in the government's European recovery program will jeopardize the plan.

Marshall's appeal to the nation for support of the program already outlined, asserted that industry and the American people must give their support to bolster western (Continued on Page Two)

Senator Thomas Not Decided On Being Witness

Oklahoma Senator Says He Cannot Be 'Subpoenaed', But Can Be 'Invited'

SENATOR FACTOR IN MARKET TRADING

By FRANK B. ALLEN
(U. S. Staff Correspondent)

WASHINGTON, Jan. 16.—Senator Elmer Thomas (D) Okla., said today that he has not decided whether to appear as a witness when his Senate Appropriation committee colleagues air their market transactions in an open hearing.

Thomas said he will decide about that "when they ask me" and added: "They can't subpoena me—they can only 'invite' me."

Delicate Matter

A delicate matter of Senate protocol and tradition is involved even in an "invitation," particularly since Thomas is a veteran member of the full committee for which the subcommittee is conducting the inquiry.

Chairman Ferguson (R) Mich., said further "preliminary inquiry" will precede the calling of the open hearings. It was explained that Thomas is being asked to supplement his previous statement to the subcommittee by further details about the transactions made for him in the name of a friend.

Still In Market

Thomas disclosed that he made \$3,856 in cotton in 1947 and still is in the market through an account in the name of Dyke Culum, big Washington speculator. But he declared that he never (Continued on Page Two)

German Workers In Three Towns Of Ruhr On Strike

(BULLETIN)

DUISBURG, Germany, Jan. 16.—(INS)—More than 100-thousand German workers in three of the industrial Ruhr's main towns walked off their jobs today in a 24-hour strike protesting food shortages.

Contrary to earlier reports, there were no strikes in the key city of Essen, but workers laid down their tools in Duisburg, Muehlheim and Dinslaken.

Some 24-thousand workers in the metal and chemical industries at Oberhausen, who had struck yesterday, returned to their plants this morning.

The strikers coincided with publication in allied-licensed newspapers of documents alleged to be Communist plans for fomenting labor discord as the first step in combatting the Marshall European recovery plan western Germany.

Transportation in all three cities was paralyzed when railway and streetcar employees joined the walk-outs.

Thirteen Arabs Killed In Clash

JERUSALEM, Jan. 16.—(INS)—Thirteen Arabs, among them seven children ranging in age from one to 12, were killed today when Jews blasted two Arab houses in a renewal of communal warfare in the Palestine port city of Haifa.

These casualties brought to 32 the total of killed in Haifa during the past 24 hours. Scores of others were wounded.

In addition to blowing up the two Arab houses, Jews using incendiary bombs and "molotov cocktails" filled with gasoline destroyed Haifa's largest Arab-owned garage.

The fire consumed 19 buses and destroyed an adjoining house.

The majority of casualties in Haifa resulted from street battles between armed Arabs and Jews.

CLEVELAND NEEDLE PICKS UP QUAKE

CLEVELAND, Jan. 16.—(INS)—Father Joseph S. Joliet, assistant seismologist at John Carroll university in Cleveland, reported an earthquake of "more than medium intensity" was recorded at 6:19 a. m. EST, today on the college seismograph.

Father Joliet said the tremors were recorded for nearly an hour. He placed the center of the disturbance about 3,900 miles to the northwest, which would place it in the vicinity of the Aleutian Islands.

It would be a very disruptive earthquake in the area in which it occurred," Father Joliet said.

AN HONEST MAN FINDS LOST HOARD

One of the luckiest persons alive is Mrs. Minnie Nerhood visiting in Los Angeles, from her native Altoona, Pa., she forgot her worn purse on a Los Angeles streetcar. It contained \$9,759.93 in cash. Fortunately it was found by Oscar Van Patten who is pictured above turning in the hoard of folding money at the University Police station after finding it. Officer Harry P. Barclay checks over the money as Van Patten looks on. At left Mrs. Nerhood is shown claiming her money.

Impose New Restrictions On Aliens Visiting U. S.

WASHINGTON, Jan. 16.—(INS)—Attorney General Tom Clark today approved the most stringent restrictions on the movements of visiting aliens ever to be invoked in the United States in peacetime.

The amendments to the immigration regulations, which also would apply to such aliens already in this country, are expected to become effective within about two months.

They are described by the justice department as "designed to keep a closer control over the entry of alien visitors and over their activities while in this country."

New Restrictions

They provide that:

1. Aliens must register by mail with the commissioner of immigration and naturalization every three months, giving current addresses.
2. The period covered by a visitor's permit is cut from one year to six months if the alien remains in one immigration district; to three months if he visits more than one immigration district.
3. Sixteen local immigration districts are to be created with each office responsible for investigating and "overseeing" aliens in the district. The offices would exchange information on the movements of aliens.
4. Aliens must agree before entry not to pursue any activity "not contrary to the public interest."

U.A.W. Will Seek 31 Cents Hour Boost

(BULLETIN)

DETROIT, Jan. 16.—(INS)—The international executive board of the UAW-CIO announced today the union will seek minimum wage boosts of 31 cents an hour in new contracts with the automotive industry.

The 22-man board also agreed to demand a guaranteed 40-hour work week on a year-round basis, plus pension plans and three-week vacations with pay.

The UAW plan calls for a 25-cent straight wage increase and five cents in so-called social security measures, including health and accident insurance. The remaining one cent would cover pension plan costs in plants where negotiations for a pension are being conducted.

Five Are Dead In Chicago Blast

CHICAGO, Jan. 16.—(INS)—Removal of two more bodies today from the ruins of a four-story building wrecked by an explosion on Chicago's near north side raised the death toll to five.

Another man, Joseph Brown, 60, a shipping clerk, was found alive 12 hours after the blast ripped through the Provus Brothers Furniture Co., yesterday afternoon.

Six persons, including Brown, were injured by the explosion.

The last body recovered early today was that of Benjamin Berkowitz, 36, a salesman for the company.

Another victim found with Brown was dead. He was identified as Henry Homme, 40, an employee of the firm.

Brown was taken to a hospital suffering from head injuries, shock and exposure.

Firemen Switched

Because of the changes, which became effective today, in the Fire Department, when three new assistant chiefs took over, several transfers were made necessary.

Former Chief George W. Harper was returned to the rank of captain, and assigned to No. 2, while Capt. Joseph Zeigler was transferred to No. 4 department, when Assistant Chief Norman McFarland moved to Central. Lt. Wilmer Hawk remains at Central station.

Community Property Tax Plan Is Opposed

By RAYMOND WILCOVE
(U. S. Staff Correspondent)

WASHINGTON, Jan. 16.—Secretary of the Treasury Snyder told congress today that the GOP-sponsored tax reduction bill would result in a budget deficit of more than two billion dollars in the 1949 fiscal year and hinted that President Truman would veto the measure.

Opposes New Plan

Snyder also announced the administration's opposition at this time to a nationwide extension of the community property plan for tax purposes, and renewed President Truman's request for a "cost of living" tax reduction of 50¢ for every taxpayer and each of his dependents.

Air Base Grant To U. S. In Tripoli Is Assailed By Soviet Spokesman

BELIEVE RUSSIANS ARE SEEKING BASE

By JAMES E. BROWN
(U. S. Staff Correspondent)

LONDON, Jan. 16.—A Soviet spokesman in London bluntly accused Britain today of violating the terms of the Big Four agreement concerning disposition of Italian colonies by agreeing to grant the United States air base rights in Tripoli.

His exclusive statement to International News Service supported a long-suspected fear that the Russians have intended to ask a share in Italy's African colonies in order to secure a Mediterranean base for themselves.

British Surprised

Informed of the interview, the British foreign office expressed surprise at the Russian attitude.

A spokesman said that the British are on possession of Tripoli because the British conquered it. He added that the British will continue to administer Tripoli until such a time as its future is decided either by the Big Four council of foreign ministers, or by the United Nations.

The spokesman said that Moscow did not regard Britain's "unilateral" action in permitting the U. S. to reopen the air base at Meliha, near Tripoli, Libya, as legal.

He explained his stand by saying that in the first place the Big (Continued on Page Two)

Hunt 'Saboteurs' Of Marshall Plan In German Areas

Report Plan For Systematic Sabotage Of Western Germany Industry Found

By JOHN A. REICHMANN
(U. S. Staff Correspondent)

WASHINGTON, Jan. 16.—The United States was reported today to be strongly supporting British action in seeking to run down Communist elements in western Germany who plan to sabotage the Marshall program.

The British hunt for saboteurs was based on the finding of the so-called "Protocol M"—a plan for systematic sabotage of western Germany industry by strikes and other methods to make it useless to western Germany's economy.

Recently Published

"Protocol M," the details of which are not yet available in Washington, was only recently published in Germany. It was said to contain the names of numerous individuals who will play a role in carrying out the plan.

At first the protocol was looked on with some suspicion among Washington observers. However, it was learned at the State department that its content has been reported from diplomats abroad who generally are regarded as reliable.

The protocol is understood in Washington quarters to have originated with the Communist party, established at Communist party meeting in Warsaw and set up in Belgrade with the avowed purpose of fighting the Marshall plan.

Thus far there has been no direct evidence of similar plans having been set up for such countries as France and Italy where Communist opposition to the Marshall plan is expected to be most intense. But officials believe that such plans are in existence.

For the present Russian opposition has centered on distortion in representing the facts of the Marshall plan to neighboring countries. These are expected to be met by counter-propaganda over the "Voice of America."

Armed Russian Soldiers Arrest Two U.S. Officers

VIENNA, Jan. 16.—(INS)—Armed Russian soldiers were revealed today to have arrested two high-ranking American officers attached to the U. S. legation in Budapest.

The Americans—Col. Peter Kopcsak, assistant military attaché, and Lieut. Col. Bernard Thiele—were seized by the Soviet troops on Wednesday at Papa, Hungary.

Detained for several hours, the U. S. officers then were transported to Vienna where they were released without explanation the following morning.

On Normal Duty

The Americans were travelling in Hungary on normal duty in their own car. They carried Hungarian foreign office diplomatic passes authorizing freedom of travel.

Several Red army soldiers carried out the arrest, but would give no reason for their action, though it was said every one passing through the town of Papa must identify himself.

The officers were taken to the Russian commandant where they were held incommunicado, until a Soviet colonel escorted them across the Hungarian border in their own car. Hungarian frontier guards did not interfere with them.

Arriving in Vienna at 10:45 p. m. Wednesday, the two Americans were held under armed guard at the Soviet headquarters until 3 a. m. the following day when they were released.

Authorities said the Americans will return to Budapest at the first opportunity.

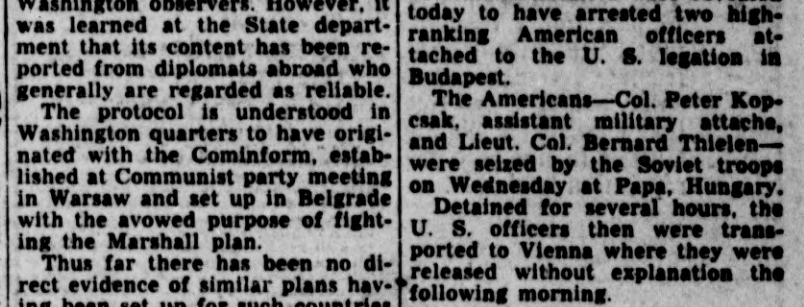

Declares Congress Right In Demanding Identity Of Reds

PROVIDENCE, R. I., Jan. 16.—(INS)—The right of Congress to ask individuals if they were Communists was upheld today by U. S. Sen. Robert A. Taft (R) Ohio who declared "the welfare and safety of America is at stake."

The senator in Providence to address the Republican club of Rhode Island tonight said in an answer to an interviewer's question:

"If we are going to spend billions of dollars to fight communism we have a right to know the Communists in this country. I regard this as elemental and the congressional committee has a right to do what it is doing."

State Farm Show To Conclude Today

Feature Today Is Sale Of 4-H Club Members Of Prize Baby Bees

HARRISBURG, Jan. 16.—(INS)—Pennsylvania farmers' five-day winter festival will come to an end today with the closing of the 32nd Annual State Farm Show at Harrisburg.

But before closing, the spotlight of the world's largest indoor farm exhibition will shine on the auction block where 4-H club members will put up their prize baby bees for sale.

The youngsters' purebreds were expected to bring top prices for prize animals.

\$45,000 In Premiums

Following the sale, thousands of successful competitors will depart from the 14-acre Exposition building with pockets lined with their share of \$45,000 in premiums offered during the show.

Attendance during the final day will drop to approximately 50,000, far below 130,000 persons counted yesterday, according to Farm Show officials. Overall attendance will be approximately 35,000 persons below the record 540,000 registered during the 1947 exhibit, they added.

Judging of 4-H baby bees was the principal event on yesterday's card.

Ray Buss, 15, of Easton, R. D. 3, captured grand championship honors for all baby bee breeds with his 990-pound Aberdeen-Angus named "Smoky".

Wilbur Buckwalter, of Littleton, R. D. 3, was awarded reserve grand championship with another Angus, "Ginny".

David Lewis, Long avenue, is confined to his home with illness.

BLAME CARBON MONOXIDE FUMES FOR DEATH OF BOY

er daughter, Barbara, who had been to a school play, returned home. They were not ill at the time, but about 2:30 a. m. Mr. Alexander, who was trying to take care of his wife and children, was overcome while descending the stairway from upstairs, and fell. Mrs. Alexander went to the telephone to summon aid.

She tried to contact the doctor, and failing to reach him, called the Ellwood City fire department, who in turn notified the Wurtemburg rescue squad, and they immediately responded, rendering first aid. Their efforts to revive Clark, however, proved futile.

Miss Nellie Grinnen, the telephone operator, who recognized that there was an emergency, stayed on the line and helped summon the necessary help.

Tommy Shaffer, chum of Clark's, is said to have become ill while at the Alexander home playing cards with Clark during the evening and had gone home.

Born in Ellwood City December 1, 1933, the son of Kenneth and Elizabeth Van Gorder Alexander, Clark was a freshman at Lincoln high school, and a member of the Ellwood City U. P. church.

Survivors in addition to his parents include the two sisters, Barbara and Sandra Alexander.

The body has been removed to the Contrucci-McElwain funeral home, Ellwood City. Funeral arrangements will be announced later.

Friends will be received at the funeral home this evening from 7 to 9 o'clock.

Mr. and Mrs. John W. Muse and infant son of Needam Heights, Mass., are guests of Mrs. Muse's parents, Mr. and Mrs. H. L. Marvin, 122 East Garfield avenue.

MARSHALL WARNS OF SACRIFICES FOR U. S.

(Continued from Page One)

Europe against Communism by rehabilitating Germany and the Democratic nations of the continent.

Marshall declared that the consequences of failure to make the necessary sacrifices will make the actual cost of the recovery program "trivial".

Speaks To C. of C.
His address to the annual meeting of the Pittsburgh Chamber was made shortly after Marshall told a news conference that he will not be a candidate for any political office.

Replying to a question as to whether he might be a running mate with President Truman in the 1948 presidential election, Marshall declared:

"I will never be involved in politics. I never can be a candidate for any office."

Marshall told the chamber assemblage of more than 1,200 persons, most of them Pittsburgh industrialists, that the entire cost to the United States of the European program for general rehabilitation would certainly boost taxes. But he added:

"The goods and services to be financed with American dollars actually will constitute but a small proportion of Europe's total requirements—perhaps on the order of five per cent."

Details U. S. Responsibilities
Marshall was emphatic in his discussion of Europe's problems in detailing the responsibility this nation has in a political sense in preventing further spread of Communism in war-torn nations by aiding in their rehabilitation. He said:

"Each of the comprehensive analyses of the problems yet made... resulted in the same general conclusion that the United States can successfully carry out the program."

He said that if Europe fails to recover from the war-torn state in which she now is economically, politically and spiritually, the repercussions would be felt throughout the entire world. He added:

"The situation we then would face would necessarily impose on us such burdens in the way of taxes, discomforts, sacrifices and impairments on the rights and privileges we now enjoy as to make those that now confront us seem trivial by comparison."

"Our aids will be marginal, but that margin is absolutely necessary to enable the European economy to gain sufficient momentum to make real progress towards a pay-as-you-go basis."

"It is, in effect, the proverbial nail for lack of which the battle of European recovery may be lost."

SAYS RUSSIA IS READY TO TALK ON LEND-LEASE
(Continued from Page One)

Four agreed to take no action until a year after the Italian peace treaty was signed.

Secondly, he said that the United Nations commission at present in North Africa studying the problem of future disposition of Italy's colonies.

Continuing, the spokesman said: "Russia was not even consulted by Britain before this high-handed action."

Then the Russian spokesman asked: "Why do the Americans want an air base in Tripoli? Why are they seeking bases throughout the world?"

"Who are they threatening?" The Soviet spokesman then insisted that Russia demands her right to have a voice in the disposition of Italy's colonies.

Although the spokesman declined to specify what diplomatic steps the Soviets are contemplating in protest to the air base arrangement, he hinted strongly that his remarks in the interview constituted only the opening gun in a campaign to force Britain to cancel her base lease.

TAFT-VANDENBERG DIFFER WIDELY ON U. S. FOREIGN AID

servers as a suggested reduction of what amounted to 34 per cent in the seven billion 600 million dollars asked for the first 15 months of the overall Marshall program.

The GOP policy leader suggested a "total of Marshall plan expenditures of five billion dollars for the 16 western European countries and occupied Germany. Taft said that not more than three billion 800 million of this would be spent in the coming fiscal year and that this is the basis for a one billion dollars saving."

Sen. Vandenberg (R), Mich., chairman of the senate foreign relations committee now conducting hearings on the Marshall plan, had "no comment" on Taft's speech.

Mrs. Joseph H. Bashline, 229 Northview avenue, who has been critically ill at her home with pneumonia, is showing much improvement.

SENATOR THOMAS NOT DECIDED ON BEING WITNESS

(Continued from Page One)

used his former Agriculture committee chairmanship to influence the market because of his personal interests.

He said that his efforts to "get farm prices up" have been "consistent," regardless of whether he was in the market at the time, and were in line with his responsibilities as a farm-state senator.

Gave Statement
Thomas declared that he has not been in the wheat market since about 1929, and not in the oats market since mid-1946.

Thomas said he gave the subcommittee a statement setting forth his arrangement with Cullum and data about earlier investments.

The subcommittee has been questioning Cullum and other associates of Thomas, and called on Cullum for a complete record of his transactions.

It was learned that the inquiry also is extending to speculation accounts of Miss Beth Gage, a member of Thomas' clerical staff.

Mr. and Mrs. Lew Williams of 407 Bartram avenue have received word of the birth of a daughter, named Jacqueline Ann, to their daughter and son-in-law, Mr. and Mrs. J. A. Bennett, of Bevan road, Pittsburgh, on January 6. Mrs. Bennett was formerly Miss Betty Williams.

JANUARY SOCIAL FOR BEREAN CLASS

Berean Bible class of the First Presbyterian church met Thursday evening in the Sunday school room of the church for its January program and social meeting with Mr. and Mrs. Edwin Feas, Mr. and Mrs. Paul Friend, Mr. and Mrs. Carlton Ferris, and Mr. and Mrs. James Beam as the committee in charge.

Opening with scripture reading by Kenneth Gibson and invocation by Dr. Albright, business was presided over by Claude Jenkins, president.

As a feature of entertainment, recordings of members' voices were made by Mr. Friend as they entered and were later played back for identification.

Games furnished additional entertainment and afterward refreshments were served by the committee.

Next meeting will be in the form of a tureen dinner at the church on Thursday, February 19, with Mr. and Mrs. Arthur Guy, Mr. and Mrs. Delbert Johnson, Mr. and Mrs. Harry Lampe, Mr. and Mrs. David Ritchie, and Mr. and Mrs. Lewis Shaffer as the host committee.

FAREWELL HONORS BERTHA SHENKER

Honoring Miss Bertha Shenker of Adams street, who will leave Wednesday, Jan. 21, for the Missionary Training Institute, Nyack, N. Y., Mrs. Lee Campbell gave a farewell party in her home, 939 Adams street, Thursday evening.

The evening was spent informally with games and contests the diversions of the evening. Prizes were awarded to Mrs. Arthur Hennon, Mrs. William Jenkins, Jr., Miss Dorothy Craig and Miss Mae Pack.

The honoree, who has been employed as a telephone operator, received many beautiful and useful gifts as a memento of the occasion.

Concluding the farewell event the hostess, aided by her sister, Mrs. Dennis Laughman, of Akron, O.; Mrs. William Jenkins, Jr., and Mr. Bruce Headland, served tempting refreshments at a beautifully decorated table.

EMERGENCY CLUB SEWS AT MEETING

New Castle Hospital Emergency club met Wednesday afternoon in the hospital meeting rooms, and articles were sewed for the hospital.

Officers were also elected, the same officers being retained: president, Mrs. John Griffiths; secretary-treasurer, Mrs. Joseph Heaney. Prizes during the afternoon were won by Mrs. John Griffiths and Mrs. Mary Edgington. Hostesses were Mrs. John Griffiths and Mrs. Daniel Edgington.

February 11, at 1 p. m. is the next meeting, with hostesses to be Mrs. Elizabeth Hayes and Mrs. Joseph Heaney.

Q'Jeans Club
Members of the Q'Jeans club met with Mrs. Rudy Eagan, Winter avenue, Wednesday evening.

Card playing was the pastime, high score prizes going to Mrs. Leonard Turco and Miss Ella Turco. A dainty lunch was served by the hostess, aided by Mrs. Michael Turco.

January 28 is the theatre party date.

TALK ON AUSTRALIA AT A.A.U.W. MEET

Under the auspices of the committee on International Relations, New Wilmington chapter of the American Association of University Women Thursday evening at 8:15 in College hall in New Wilmington heard a talk on "Australia" by Mrs. Orville Brown, of this city.

Chairman of the committee in charge, Mrs. Everett Handy, introduced the speaker, who, from recent residence of a year and a half in Australia, gave first hand many interesting facts on customs, life, people, industries, government, etc., there.

In addition she told a number of things regarding shopping conditions of particular interest to housewives.

There are many Americans living in Australia and an effort is made to promote understanding between governments, she explained, and said that the Australian people were very friendly to Americans.

As one example of lend-lease, for which Mr. Brown was in Australia as administrator, the United States sent machinery which was used to can surplus meats, fruit, and vegetables used in turn to feed U. S. troops stationed there.

She and her family visited cities on the eastern coast of Australia during their stay and saw many things of interest in the cities and on the stations, or large ranches, inland. She told of the antihills that always run north and south and serve as compasses to travelers. Included in her pictorial exhibit of wild life, flowers and vegetation, and scenic effects, was a stuffed koala, or Australian bear, an animal native only to Australia.

Miss Ann Schuster presided over the meeting during which an invitation was extended to the A. A. U. W. to attend two lectures in New Castle during the coming week, one by Col. Thomas M. Telo to be given Monday evening at 8 o'clock in the senior high school auditorium, and one Wednesday evening by John Farmer.

Preceding the meeting Mrs. Brown was the guest of honor at a dinner party in Ferguson hall.

BIBLE CLASS ELECTS OFFICERS FOR YEAR

The home of Mr. and Mrs. John Grim, Holton street, was the scene of the monthly meeting of the Jr. Bible class of the Sampson Street Alliance church Wednesday evening. Seventeen members and one visitor were present.

The devotions were in charge of the president, Mrs. Mary Grim, with the teacher, Rev. E. R. Truman opening in prayer and reading the Scripture. Following the devotional period, a short prayer and testimony service took place.

During the business session, the following officers were elected to serve for the year: President, Mrs. Helen McEwen; vice president, Mrs. Mary Grim; secretary, Mrs. John Stoner; treasurer, Mrs. Judy Tomlinson.

A social period followed with a dainty luncheon served by the hostess.

On February 11 the group will meet at the home of Mr. and Mrs. John Stoner, Pearl street.

MCCURDY CLASS MEMBERS GUESTS

McCurdy Bible class of Epworth Methodist church was entertained for a social time Thursday evening in the home of Miss Peggy Pattison, Court street, with Miss Charlotte Whitman, Miss Eleanor Rodgers and Herbert Rodgers as the committee.

After a short business meeting, with Sutton Smith presiding, games were in play as diversions, and afterward a lunch was served by the hostess.

Next meeting will be February 19, in the home of Mr. and Mrs. Russell Davis, Wilmington road.

Tempus Fugit Club
Mrs. Donald Mooney, Emery street, received the Tempus Fugit club Thursday evening, and officers were elected.

President, Mrs. Andrew Nocera; treasurer, Mrs. Carl Gennock; savings, Mrs. Michael Fazzohe, and reporter, Mrs. John Russo.

Tables of 500 were in play, high score prizes going to Mrs. Michael Fazzohe and Mrs. Carl Gennock. Club token was won by Mrs. Sam Buccell. Mrs. John Russo was welcomed as a new member.

Special guests attending were Mrs. John Babiaz and Mrs. Thomas Ross. Later the hostess served a dainty lunch.

January 29 is the meeting for the club's anniversary dinner, at a tea room.

In View Of News Of The World

By J. C. Ostricher, INS Foreign Director

A fresh concept in United States foreign policy and one that may prove to be of enormous importance for the future was seen today in Defense Secretary James Forrestal's totally unexpected bid for a global restoration of historic "balance of power."

The concept, of course, is anything but new in itself. A "balance of power" as the means of maintaining peace was urged by the great Greek historian Polybius more than 100 years before Christ.

And from 1648 until 1914 it was the principal tenet of European politico-military strategy.

Traditionally Opposes
But the United States traditionally has opposed the "balance of power" system, holding that it created rather than prevented wars.

It is an historic fact that all of the continental conflicts that occurred between the Congress of Westphalia in 1648 and that of Vienna in 1814 stemmed directly from this method of attempting to curb the power of any individual nation.

In more or less recent times, the principle of the "balance of power" first was established in Italy. By the 17th century it had spread everywhere in Europe and was the generally-accepted practice both among theorists and practical statesmen.

Briefly, the "balance of power" system made it the right—and the duty—of every state to interfere, by force of arms if necessary, if any single nation or group of nations violated conditions of settlement.

To Justify Coalitions
The "balance of power" rule was utilized to justify the coalitions against Louis XIV and against Napoleon.

American opposition to this system of international relationships was most clearly expressed by the late Richard Olney, secretary of state from 1895 to 1897.

Always a staunch proponent of the Monroe Doctrine and of its extension, Olney once said with characteristic vigor:

"The flat of the United States is the 'balance of power'."

An unwieldy and highly dangerous system of alliances and counter-alliances in the years before the first World War were regarded by many historians and observers as discrediting completely the "balance of power" system.

The late Lord Asquith attempted to replace it after the war by what he called a "community of powers" and this was one of the pillars of the League of Nations that was

Looking At Life

By Erich Brandeis

It is difficult for me to write this column because my eyes are dim with tears.

The tears are shed for the seven families with incomes of \$25,000 each and one with an income of \$45,000, that have been surveyed by a national magazine and found not to be able to make ends meet.

Every one of the families showed a deficit. The largest deficit was that of the \$45,000 family, so naturally I feel the greatest sympathy for them.

This particular household owns a New York co-operative apartment and a beach cottage. The two establishments cost \$4,200 a year for maintenance and rent. The three children attend a private school at an annual cost of \$3,100. They couldn't afford a full-time servant and had to be satisfied with part-time help. They don't even own a car. Their total deficit for the year was \$4,200.

Now for the poor \$25,000 families.

The one in Seattle went only \$280 in the hole. The Chicago \$25,000 paupers came out minus \$318, while the Fort Worth folks of the same income almost broke even with only \$100 more spent than they made.

The Boston deficit was \$3,690 and in New York it cost the surveyed family \$3,101 more to live than they earned.

Now let us look into the plight of the \$25,000 family that tries to eke out its living in New York.

Their major expenses were: Taxes, \$8,228. Food for the family of five, \$4,073. Home operation and maintenance, \$3,762. The servants' bill was \$2,750, recreation and entertaining \$1,295, medical expenses \$1,325, clothing \$850.

Their total contributions to church and charity amounted to \$450 a year!

Washington Calling

(By MARQUIS CHILDS)

No Liberal Stampede To Wallace

WASHINGTON, Jan. 16.—Henry Wallace's announcement that he would run for president on a third-party ticket has brought no stampede of prominent liberals eager to march under the Wallace banner. Except for professional fellow-travelers and avowed communists, the response has been barely audible.

The Wallaces—or Wallesiens, as they have been called—intend to make up for this with a big rally in Chicago. The progressive Citizens of America—what is left of it after resignations and defections—will stage a show intended to demonstrate the millions of American voters are waiting for an opportunity to elect a third-party president.

Had Followers In Old Days
In the old New Deal days, Wallace had a legion of loyal followers. They worked with him in the Department of Agriculture, promoting better housing on farms, better conditions for migratory workers and a host of reforms. Wallace was their prophet and they sat at his feet in genuine admiration.

Most of these followers have long since left the government. Some of them hold influential positions around the country. Thus far, only two or three of these former followers have indicated that they would do with Wallace down the third-party road.

In fact, an informal canvass made the other day indicated that most of them would be willing to sign a statement denouncing a third party attempt in this critical year of 1948. Such a statement was contemplated in order to show that Wallace had failed to win to his cause even those liberals who at one time were the chief workers in the vineyard.

Saddened By News Picture

By PAUL GALLICO

Something for everybody is our motto and maybe it would be just as well if the ladies would tune out at this juncture and abandon an examination of today's grab-bag, which is to contain an expression of my displeasure with a gent by the name of Steve Streck, age 37, of Chicago, for getting himself photographed and onto Page 1 of two of the newspapers in our town in what I consider to be a very humiliating attitude, and one that will do no good to the members of our sex at all.

You have probably had it rubbed under your nose by this time, because the unfortunate snapshot was widely distributed by the Associated Press, and it shows brother Streck trapped by a photographer in a moment of emotional insobriety, slumped on his knees before his wife Anna, age 33, in the corridor outside the Chicago Circuit Court one day last week, pleading with her to drop her divorce suit charging him with cruelty and begging her to return to his bed and board.

Should Have Been Private
Knowing what newspaper photographs are and how they can make Lana Turner or Hedy Lamarr look like their own grandmothers, and considering that this one came through a telegraph wire as well, which never does much to improve them, I will attest that Mrs. Streck is a very handsome lady, indeed, in a black seakink coat and not enough of the New Look to conceal a pair of well-shaped gams. I can understand Steve's desire to hang on to this appetizing representative of the opposite sex but I wish he could have managed his appeal in private and not for national syndication.

The story accompanying this uncomfortable shadowgraph out of Chicago revealed that "The romantic gesture moved Mrs. Streck. She broke down and said maybe they could make a go of it after all and that she'd give Steve another chance." I am always in favor of a happy ending and for keeping the home together, but let's face it, boys, this is a baddie for us. Stephen may have recaptured his lady, but he has not done us a good turn with this bended knee business.

The Species Uxor Americanus is known to suffer from an aggravated case of willed head as it is, to the detriment of marital relations in the U. S. A., and the widely circulated photograph of a specimen of Homo Sapiens, or sap, for short, caught groveling on his patellas before his loved one AND her attorney is not exactly calculated to reduce this expansion.

Classic Gesture
It is, I realize, a classic gesture and one supposed to move the feminine heart where other arguments fail. In my youth it used to be a sort of Victorian hangerover, and was so celebrated by cartoonists and joke-smiths in "Life" and "Judge" and the college magazines that when a young man came to the moment of popping the question to his lady love he went down on his knees before her and addressed his remarks to her from that disadvantage point. I never heard of anyone actually doing this, but if it ever really happened that a gent was so overcome by the weakness of love as to abase himself in that manner, the entire transaction was conducted strictly behind closed doors, and in later years the guy could always deny it.

Direct Contradiction
Also, it was in direct contradiction to the other flourishing school of thought that ladies do not want their men crawling around on their hands and knees after them, but wish to be seized masterfully, naturally with appropriate expression of love undying, and compelled to accompany them to the altar.

Whatever the truth, and one knows that it takes all kinds of people to make up a world, nobody really could prove anything and it all remained in the realm of conjecture.

But not any more. There is, was, right out on Page 1, for all to see. A moment of pure and embarrassing horror. The sucker on his knees and the Misses looking at him as though he were an insect before yielding him another chance. I am greatly saddened by this picture. It was a bad day for us all, men and women, when it appeared.

The Parent Problem

By Garry C. Myers, Ph. D.

CHAIR-SITTING EFFECTIVE PUNISHMENT

Hundreds of parents have written or told me face to face how very effective chair-sitting punishment is for controlling the child from two to twelve. Obviously it is humane, though most children would far rather be spanked than be made to sit in a chair without any amusement for a definite period of time. It doesn't need to be a chair, of course. It may be a box, step, or any definite place as on the floor. It is better if it is in view of the parent rather than in another room where the child can get into more devilry.

The parent who, by application of selective spanking, such as slapping on the youngster's bare hands or bare thighs, begins to train him as soon as he moves about to respect "No" (rarely said) can abandon spanking very early, even before the child is three or four. My bulletin, "How Teach Them Meaning of 'No'" may be had in a stamped envelope by addressing me at 235 East 45th Street, New York City, N. Y., in order to do so the parent must be very self-controlled and consistent, never repeating "No" in the self-same instance but using plain instead.

Must Stay In Chair
No use, of course, to employ chair-sitting unless the child will stay in the chair until the announced time is up, without being held, held in having his mother stand threateningly over him. He must know that if found out of the chair he would get incisive physical pain without doubt. Some mothers write that it won't work "for he will be out of the chair as soon as my back is turned." No, he won't if the foregoing requirements are met.

To be effective the sentence must be for a definite period as measured by the clock, the length of time being announced with the assignment to the chair; never "till I tell you to get down." It may be well to have a clock on which you will show the child where the big hand will be when he may get down. Or the clock might be set to ring when the time is up.

Has No Reward
Then the youngster has no reward for pleading, crying, or arguing. He can't argue with the clock. Crying makes no difference to it. It has no feelings, gets no headaches, is never nervous. Desirable periods are about as follows: for the child 18 months, 10 minutes; 3 years, 15 minutes; 5 years, 25 minutes; 7 years, 35 minutes; 12 years, 60 minutes.

The youngster trained to profit from chair-sitting for punishment may be controlled safely and effectively by the person with whom he is left in his mother's absence, provided this caretaker employs this means of control skillfully. Good guidance of the growing child requires that the parent substitute shall be empowered to discipline him. While most parents might hesitate to authorize the one who cares for her child to spank this child, many parents would far more readily delegate to her authority to use chair-sitting for punishment.

One Man's Opinion

By Walter Kiernan

General Eisenhower is getting the "Poor Richard" medal in Philadelphia for achievement. If he also gets the nomination in Philadelphia he is entitled to a "Poor Ike" medal.

But the fact that Ike is being entered in the race in two states now puts him even with Landon already.

For the kiddies who do not remember Landon... He was the nominee who carried parts of New England and a banjo.

His campaign song was "Oh Susanna, Don't You Cry for Me." The morning after election he said "OK Susy... You can start now."

But one thing you'll have to say for the man... after he took his shots for presidential fever he never came down with a gain.

Ike doesn't have a campaign song yet... "The embattled hymn of the Republicans" has been suggested.

State Police Say—

The old common-law right of pedestrians to cross streets just about as they wished just doesn't make sense under today's traffic conditions. Instead we use a new plan for the sharing of use of streets by drivers and walkers. Under this modern plan the pedestrian, for example, is granted special right-of-way while crossing at intersections, and in return the driver has prior rights in proceeding between intersections. STAY ALIVE—DON'T GAWK WHEN YOU WALK.

From Me To You

By MESEALL

People from all parts of town... and the county are talking about the Jameson Memorial Hospital Expansion Fund Campaign. "What can I do to help... how much can I afford to donate?" is what they are saying... some will surprise even themselves when they consider how easily it is to make up a budget... with a small amount set aside each week or month... One dollar a month... twenty-five cents a week for example... will make the individual capable of making a twenty-five dollar... or to be exact... counting week for week or a twenty-five month period... twenty-six dollars and twenty cents. That makes about four cents per day.

Many workers however are planning on saving one hour's pay per month... and according to the officials of various labor organizations... the average wage per hour of the union men is somewhere between 1.40 and 1.60.

Yes, it's a problem that only the individual can correctly settle... we firmly believe that everyone should take part in the campaign... but no one has the right to demand that another give this amount when the individual says that he can give that amount.

John Weyer has taken time to write down the following:
T—he goal is now in sight, may the good Lord
H—elp us reach it, then kick the extra point: most

They Say

WASHINGTON—Dr. John Kerr, labor advisor on European aid, assuring the commodity speculation investigators he lost money on the market: "An explanation of losses is more embarrassing than defense of profits."

WASHINGTON—Sen. Ball (R) Minn., attacking Secretary of State Marshall for his adamant stand on European aid: "The mantle of infallibility which Secretary Marshall appeared to assume... did not impress many members of Congress, including yours truly."

BERLIN—American and French licensed Berlin newspaper disclosing purported Communist plans to defeat the Marshall plan by sabotage: "The Cominform in Belgium will coordinate... the Soviet government will support it in full."

WASHINGTON—Gen. Vandenberg, vice chief of the staff of the air force, urging censorship of aircraft research until the operational or tactical stage: "Besides, if we have them in the tactical stage, we are two years ahead then."

IGNORANT

Should they ask men when I go? What about the world I know? How are fashioned all the things: Aeroplanes with silver wings, Motor cars and radios. Sets for television shows. Sadly I shall have to say: I have used them day by day. But how they were shaped and turned. I confess I never learned.

Though I lived a lifetime through. All as things I ever knew. How they bettered life for me; Never how they came to be. Never why a button pressed Turned on power my car possessed. Laid the room or rang a bell. Did I learn enough to tell: Took for granted that it would. Why, I never understood.

Took for granted down the years All the work of cogs and gears. Envied men of skill who knew How machines were made to do Tasks to save the strength of men; Heard them, watched them, now and then. Wishing I, from day to day, Could be useful as they are. (Copyright, 1947, Edgar A. Guest)

Babson Gives Ideas About Great Britain

By ROGER W. BABSON

(Copyright, 1948, Publishers Financial Bureau, Inc.)

WASHINGTON, D. C., Jan. 16.—I have always been in close touch with Great Britain. For many years I have had an office in London and have crossed the ocean

Roger W. Babson

have proven true.

The Labor Government's Goal

Today I am just as optimistic on Great Britain as I was pessimistic ten years ago. When reading the history of England, I am always impressed to see how many times, during the last thousand years, she has been "down and out." The English people have a character and steadfastness which, in the end, is worth far more than money or even military power. They are the world's greatest authorities on colonial development, shipping, insurance and banking. I sometimes think the poverty propaganda which England is now issuing is to help her make a good trade with the United States! However, we should not blame her for this as we cannot afford to have England collapse.

I was a friend of Winston Churchill during the war and was sorry to have him defeated at the last election. His rabid attack on the present labor government, however, is unjustified and sometimes seems almost treason. The labor government, like other pioneers, makes mistakes, but they have a worthy goal—namely, to develop some fair policy as a bridge between communism and capitalism. In my humble judgment we should help them in their efforts, although they will succeed without a blessing from our National Association of Manufacturers.

Watch Africa

For ten years I have been urging readers to watch Russia. This was especially true directly following World War II when Russia was temporarily popular in this country. Now I say, "Watch Africa." Information indicates that the English industrialists are switching their energies and money from India and the Far East to Africa,

which is both richer and nearer home. I forecast that England and France will form an economic alliance for the development of Africa which—with the British Dominions—will again make the British Empire the world's greatest power. Therefore, don't sell England short!

England will get out of India all that she has put in India with a good profit to boot. This also applies to certain other distant possessions which she gradually is relinquishing. India is cursed with an unbelievably large population and an impossible religion. Africa is richer in natural resources, has comparatively few people, and these, although called "heathen," are adaptable to the Christian religion. In addition to the rich undeveloped mines, water powers, forests, oil prospects and other natural resources of Africa, it is nearby and already within Great Britain's grip. You hear nothing about giving up Africa.

The Marshall Plan

I find in Washington that the Marshall plan will be adopted after careful tailoring. England is very glad to have it apply to France, Italy and Greece generously, but it is not so keen about Korea, China and the Far East. English diplomats tell me that it is foolish for the United States to try to "save the world." English statesmen of all parties are unanimous that the Mediterranean countries should be protected, so that the democracies will definitely control the Mediterranean. England, however, is prepared to let the Chinese themselves handle the Russians; and they can do this very well by swallowing them up. The same applies to the people of India.

Let us also remember that the British Empire knows the secret of the atomic bomb. This is both very important for the protection of the British Empire, and also because atomic energy has an important future in the development of Africa. Therefore, let us be generous with Great Britain as otherwise, when World War III finally comes, she may remain neutral and take over all of Europe and Asia after both Russia and the United States are exhausted.

Braking distances on snow and ice, say traffic safety experts of the National Conservation Bureau, increases three to twelve times over distances required to stop on dry pavements. Use chains on your car when driving in snow on ice-coated roads—and save a life!

German Dentist Confessing Killing Of U. S. Soldier

Dr. Werner Raabe, Former Nazi
Storm Trooper Kills Soldier
With Axe

BERLIN, Jan. 16.—(INS)—A German dentist who was a former member of the Nazi "Death Corps" confessed today the axe murder of United States Army Corporal Stanley L. Claycomb, of New Enterprise, Pa.

The dentist, Dr. Werner Raabe, admitted that he slew Claycomb, 27, in an argument over black-market dealings.

He told U. S. Army investigators that Claycomb was killed in his apartment with an axe and that an accomplice helped him to dispose of the body.

Find Death Axe
Investigators found the death axe in Raabe's apartment.

Army Criminal Investigation Division operatives said the Claycomb was on his way to collect a black-market debt of 30,000 marks (\$3,000) from the dentist when he was last seen on December 23.

His body was found in a bomb crater near Tempelhof Airbase yesterday.

The CID men said that they discovered 56 blood spots on the clothes the dentist wore the day of Claycomb's disappearance.

They described Raabe as a former machine-gunner in the storm troops "Death Corps," and said he was one of the toughest suspects they had ever questioned.

Boston Youngsters Will Get Sleds

PHILADELPHIA, Jan. 16.—(INS)—As far as the kids of Boston are concerned the most serious problem created by the recent heavy snows is the shortage of sleds.

Harassed parents cleaned Boston stores of sleds almost overnight, and the complaints of sledless youngsters drown out the honking of stalled cars, trucks and buses.

But relief is on the way! An emergency shipment of four hundred sleds was flown to "Beantown" from northeast airport in Philadelphia.

Famed Wabash Bridge Will Be Dismantled

PITTSBURGH, Jan. 16.—(INS)—Pittsburgh's famed Wabash bridge, once the largest of its kind in the world, is scheduled to be dismantled starting Feb. 15.

Scrap steel obtained from the salvage job will be sold to the United States Steel Corporation, which will distribute the sorely needed commodity to its Pittsburgh district plants.

The bridge, which spans the Monongahela river, was built in 1904. It was thought at the time that it would become the gateway to Pittsburgh for both passengers and freight train service.

However, it hasn't been used for passenger service since 1931 and freight travel was halted in Aug. 1946, by a fire which destroyed the terminal.

Seek To Determine Ownership Of Cash Found In Basement

PHILADELPHIA, Jan. 16.—(INS)—More than 40 claimants to a \$98,200 cash hoard found last March by Benjamin Lieberman in the cellar of his South Philadelphia home were scheduled to appear before two common pleas court judges today to prove their claims.

Lieberman, a bookkeeper, will be one of the principal claimants under the rule of "finders keepers," and the Commonwealth of Pennsylvania will be asking for the hoard by escheat.

The Federal government is also expected to be on hand for tax purposes. Since the money was found, no one has come forth with any reason for its being in the cellar.

Lieberman stumbled across the cache accidentally, while cleaning out the cellar of his home, which he has occupied for 25 years.

Dutch-Indonesian Truce Is Reached

BATAVIA, Jan. 16.—(INS)—A truce was reached today in the long-standing dispute between the Dutch and Indonesian Republicans. Announcement of the agreement was made by the "good offices" committee of the United Nations Security Council which journeyed to the Netherlands Indies to mediate.

A communique by the U. N. group confirmed that the Indonesian Republic government has accepted the latest proposals by the committee and the Dutch for a truce.

The agreement contains proposals which will serve as the basis for further political discussions between the Dutch and the Indonesians.

It was understood that the Indonesians accepted the demarcation line which was outlined last August by Netherlands Acting Governor-General Hubertus J. Van Mook.

The agreement provides for a cease-fire order in the fighting between Dutch forces and Indonesian troops.

GRAPES OF WRATH

That seems to be a pretty popular story. Grapes are a popular food. They provide fat and sugar and protein.

Four ounces are good for 100 calories.

There are so many different varieties. There are blue and purple and white and yellow and all shades.

People do not usually figure that they are eating fat in a bunch of grapes.

There is more than a pound of fat in one hundred pounds of grapes.

It would take a good while to eat that many grapes.

They look pretty on the table.

A nice basket of fruit seems to help the good cause along.

"Oerstut 400" is a German magnet containing expensive metals but economical because of its weight. It is eight per cent aluminum, 16 per cent nickel, 22 per cent cobalt, four per cent copper and the remainder iron.

Christian Church
Elects OfficersAnnual Congregational Meeting At
First Christian Church Opens
With Tureen Dinner

Congregation of the First Christian church on the Public Square met on Wednesday evening for the annual congregational meeting and election of officers. The meeting opened with a tureen dinner in the church dining room with Mr. and Mrs. James Cooper serving as chairmen for the event. They were aided by Mr. and Mrs. J. R. Mitchell, Mr. and Mrs. Ira Snider, Mr. and Mrs. George Pappas, Mr. and Mrs. Fred Williams and Mr. and Mrs. W. T. Jamison.

Following the dinner the annual meeting took place with Earl Yoho, president of the board, serving as chairman. Reports were heard from the church organizations with good progress noted in every department throughout the year. It was learned that over \$23,000 came into the church from all sources, during the year.

Dr. Bennett spoke of the work done in the church and told of the memorial window which has been fully paid for and other projects that have been carried on at First Christian church.

The following officers were elected to serve for two years: Elders, John G. Reynolds, J. R. Mitchell, Al Williams, Earl Yoho, Mrs. Grace P. Johnson, to serve with C. D. Mills, Amos Myer, Fred Leonhardt, Frank Young, and Charles Fleming, who are already in office; deacons, W. T. Jamison, J. Arthur Turek, C. W. Fleming, C. H. Johnson Jr., Harold Workman, James Cooper, David Provance, Ira Snider, Henry Goughier, Miss I. V. Dart, Jack Anderson, Ralph Newingham, C. V. Underwood, Karl H. Chandler to serve with the following already in office: R. L. Boyd, Fred Williams, Roy Waite, Delbert Jackson, William D. Fondrick, Charles Pile, M. Dale Andrews, George Pappas, George Anderson, Eugene Hill, Clarence Workman, Harold Young, Mrs. C. H. Young, and Mrs. Anna Belle White.

Following the election, the new officers adjourned to the church parlor and organized as follows: President, Earl Yoho; vice president, J. R. Mitchell; secretary of board, clerk of congregation, J. Arthur Turek; treasurer, R. L. Boyd; and financial secretary, Mrs. R. G. Eakin.

WASHINGTON
CALLING

(Continued from Page Four)

What the Wallace rally can do besides make speeches is not yet clear. They could nominate a vice-presidential candidate. But Sen. Glen Taylor of Idaho, whom Wallace wants on the ticket with him, insists that he has not yet made up his mind. He says he will run if he becomes convinced that the administration means to take the country into a preventive war against Russia, which is what Wallace said before he was fired from the Truman cabinet.

The Progressive Citizens, and the communist manipulators in that organization, may be able to draw a little comfort from one source while they are in Chicago. The Chicago Tribune is following almost the same line with the same goal—to keep America isolationist. (Copyright, 1944, By United Feature Syndicate, Inc.)

of this nation, or even in our relations with Europe, which justifies regimentation of our people and dictatorial executive control.

Seek To Be Dictators

The office holders of all parties seem to have a fiendish desire to become Dictators. They are all good promoters, but when they get once in the saddle they want to run things very much like Mr. Stalin, Mr. Molotov, to say nothing of Mr. Hitler's ambitions. But we are willing to take a chance and turn the country back to the Republican party and it may be that we will have some of the good old "horse and buggy" days.

Many scientists firmly believe that a trip to the moon by rocket is not a far distant accomplishment of man.

Been slipping out of the house lately, men? Maybe you didn't intend to, but slippery sidewalks caused the slipping. Over 26,000 persons die in accidental falls every year, warns the National Conservation Bureau. Many of these fatal mishaps occur on ice-coated walks and porches. Play safe—use sand or ashes when sleet and ice endanger lives.

Aptitude Tests Will Be Started At High School

With the end of the first school semester only a week away, plans are already under way at senior high school for senior vocational interviews to start well at the beginning of the second semester. And parents of seniors will be interested to know that they are invited to attend their sons' or daughters' interview or to make an appointment for an interview to review the results of the student's interest, aptitude, and personality tests.

If Carol's interests and aptitudes tally and indicate that she'd make some lucky man a whiz of a secretary, she can set her sights accordingly. However, if she's good at mathematics and tests high on the numerical reasoning aptitude, but says she'd like to sing on the radio or else be a nurse, this is where an interview or two and reference to comparative ratings of other interests and aptitudes, may help clarify what she really prefers, vocationally speaking. And the boys of course, undecided about where they apply their energies for the next few years, find the tests of real value.

Purpose of the tests is to help the student analyze his own potentialities for work beyond high school, either in college study or employment. Interviews are given for the student to review what he considers his strongest interests. In addition the Kuder interest inventory is given and aptitudes are tested to see where his ability lies, a summary of his record in high school is checked, and he is given a personality rating. Results are entered on his permanent record card at high school to which prospective employers may refer if they wish.

Interests Tested
Comparative interests in the following fields are measured by the Kuder interest test: mechanical, computational, scientific, persuasive, artistic, musical, social services, clerical, and literary.

In the aptitude tests this semester, a new battery, given last spring to juniors and sophomores by Elmer O. Delancy, psychologist of the public schools, has just been given to the seniors by Mr. Delancy.

Aptitude Areas Tested
This battery tests in the following areas: verbal reasoning, numerical reasoning, abstract reasoning, space relations, mechanical reasoning, clerical speed and accuracy, spelling and sentences.

This battery covers a comprehensive field as contrasted with the tests given in previous years in selected areas. A student may take the entire battery, and since a student does not have to rely solely on his own choice as to fields, this is a definite improvement in helping a student to get perspective on his vocational leanings, Mr. Delancy feels.

Final step in the guidance program carried on through the semester, is checking the vocational information by interviews and Career Day in the spring.

Any parent interested in seeing the test results, in attending the vocational interview, or in talking over the vocational summary with Mrs. Norman P. Nelson, assistant principal and guidance counselor, may do so by calling Mrs. Nelson for an appointment.

Remove Tooth From Lung Of Youngster

PHILADELPHIA, Jan. 16. — (INS) — Six-year-old Juan Ninez, son of a Spanish physician, who was flown to the U. S. for removal of a tooth which had lodged in his lung, was reported recovering today at the Chevalier Jackson clinic in Philadelphia.

The tooth was knocked out while the boy was sparring with an older brother.

A clinic spokesman said it was extricated in an operation yesterday, and, with normal recovery, the child should be ready to leave the hospital within a week.

URGENT! HELP CONSERVE GAS!

The greatly increased demand for natural gas has reduced gas pressures in the lines to a critically low point.

Industries have already been forced to curtail their use of gas. We now must ask our domestic users to conserve gas.

Please Help—In These Ways:

1. Postpone laundry work.
2. Do not use gas range to heat your kitchen.
3. Use hot water sparingly.
4. If you heat with gas, set your thermostat at 65°—still lower at night.
5. Close off rooms not in use; close bedroom doors at night; place rugs at bottoms of doors.
6. Do not use gas room heaters to supplement your furnace.

Consular Member May Be Summoned In Vajta Issue

Will Ask Consular Member In
Madrid Why Visa Was Issued
To Hungarian

WASHINGTON, Jan. 16.—(INS)—Rep. McDowell (R) Pa., disclosed Thursday that U. S. consular official in Madrid may be summoned to Washington to explain why he issued a visa to Ferenc Vajta, diplomat for the Hungarian wartime Fascist regime.

McDowell, chairman of the House Un-American Activities Subcommittee of Fascism, also reported that efforts are being made to determine whether Vajta is wanted by any European governments as a war criminal.

The subcommittee, which heard Vajta under subpoena in closed session, will also recall U. S. Commissioner of Immigration Watson Miller to tell why Vajta, now under arrest for illegal entry, was questioned for only a minute when he arrived in New York.

The Pennsylvania Congressman said the committee may find it necessary to call Clyde W. Snyder, third secretary at the U. S. Embassy in Madrid, who signed Vajta's visa despite the fact he possesses no passport.

Denies Nazi Leaning
The subcommittee learned that Vajta was issued a visa on the basis of merely a certificate of identification issued by the chief of police at Rome.
Vajta admitted under questioning that he had served as Hungarian consul in Vienna during the war but denied he was a Nazi sympathizer. He said the post was offered him because of the influence of Hungarian manufacturers.
He told the committee the visa to enter the United States by plane on Dec. 16 was issued in the Madrid embassy "without any questions being asked."

Credit Exchange Names Officers

At the annual meeting of the New Castle Credit Exchange held Thursday the following officers were elected: President Carl Paisley; first vice president, John S. Abel; second vice president, Alvin Shenken; treasurer, J. Carl Miner; and secretary-manager, Albert J. Genkinger.

A report was made by the secretary-manager showing that the affairs of the exchange were in sound condition.

Jap General Gave Warning Of War In October 1941

Revealed That General Muto, Called Turns Of Events Six Weeks Before Pearl Harbor

TOKYO, Jan. 15.—(INS)—A document introduced at the Tokyo war crimes trial Thursday quoted a high-ranking Japanese army official as having warned in October, 1941, that war would break out six weeks later unless America and Japan reached an 11th hour settlement.

The warning was reported in a memorandum by Maj. F. D. Merrill, at that time a member of a U. S. military mission in China. Author of the prediction was Gen. Akira Muto, then chief of Japan's military affairs bureau.

Time Was Fixed
The memorandum was introduced by the allied prosecution as rebuttal evidence. It was apparently intended to show that Japan's supreme command already had fixed, in advance, the time it would open the assault on America and Britain in the Pacific.

The document was dated October 8, 1941, less than eight weeks before the Pearl Harbor attack actually occurred. Muto, one of the 25 defendants in the present trial, was quoted by Merrill as having told him:

"There is no longer any hope of settling the problems between our countries by talks between diplomats. The matter is one for the armies to settle."

"It is possible the armies can do this without fighting. Therefore, I think that you should endeavor to report to your superiors that Japan has a good army."

"I don't care how you criticize us, but you should be careful to state only the actual facts. If not, I am afraid I must give you a very unpleasant farewell present."

"This present is simply that if an understanding is not reached, you will be fighting us in six weeks in Manila."

Believes European Relief Only Gamble

PHILADELPHIA, Jan. 15.—(INS)—Rep. Herter (R., Mass.) believes that any European relief program by the United States "will at best be a gamble."

However, he told a meeting of the American Academy of Political and Social Science in Philadelphia last night that it would have a better chance of success if it were administered by a special corporate, bipartisan agency.

Herter explained that congressional controversy over foreign aid centered primarily on the amount and method of administration, but that the majority in both chambers "feel that the United States should give aid within the limit of its financial and economic capacity."

British Offices In China Wrecked

CANTON, China, Jan. 15.—(INS)—Buildings housing British consular offices in Canton were wrecked completely today by fires set by Chinese in the worst anti-British demonstration ever staged in the South China city.

Before setting fire to the offices proper, demonstrating mobs wrecked furniture which they threw into bonfires along with documents and seized clothing.

Carbon monoxide poison kills hundreds of persons every winter, says the National Conservation Bureau in a warning against the increased hazard of this type of accidental death during the winter. Never warm up your car in a closed garage and have your exhaust system and floor boards checked for leaks, the Bureau advises.

Dewey Entering Oregon Primary

Expect Taft And Stassen To Also Enter Names In Competition For Oregon's 12 Votes

SALEM, Ore., Jan. 15.—(INS)—A test of Gov. Thomas E. Dewey's strength among Oregon Republicans loomed today after filing of his name in the state's presidential primary.

It was the first filing of Dewey's name in any state. His name was entered by a petition signed by more than the 1,000 Republicans required by law.

Seek 12 Votes
Experts expected Sen. Robert A.

Taft (R) Ohio, and former Gov. Harold E. Stassen of Minnesota also would enter the competition for Oregon's 12 delegates to the G. O. P. convention. If they do, the May 21 primary will be the first western indication of their comparative strength.

Campaign managers of the 1944 G. O. P. nominee have indicated that his name will be entered, too, in the New Hampshire primaries March 9.

Oregon was pledged to Dewey in 1944 after a well-organized write-in campaign. The names were filed that year.

The highest price ever paid for a single piece of glass was paid for in London recently when \$5,600 was given for the oldest known drinking glass in existence, made in 1577.

Students Seek Aid Of Governor

HARRISBURG, Jan. 15.—(INS)—Gov. James H. Duff was asked today to intercede for Pennsylvania State college students refused permission by the board of trustees to open a cooperative store in an effort to combat high prices.

Senate Minority Leader John H. Dent asked the governor to champion the students in a letter stating that "if anything can reduce their cost of living they should have cooperation from state officials."

He claimed to have received "information and complaints" from some of the students.

Council Discusses Matter At
Session In City Hall On
On Thursday

OTHER NEWS OF
COUNCIL MATTERS

Indications point to the city placing advertisements some time next week for the sale of the present city building at East and Washington streets, also for requesting bids for construction of the super-structure of the new city building, at North Jefferson and Grant streets.

The proposal was discussed briefly when city council convened Thursday in city hall, but because Mayor John F. Haven is ill with la grippe, and unable to attend council meeting, the advertisements were delayed until next week.

When council opened Finance Director Albert A. Hoyland presided as chairman.

Buy Fire Hose
Upon motion of Safety Director Richard I. Davis, a contract was awarded the American LaFrance Foamite company for 3,000 feet of 2 1/2 inch fire hose as their bid of \$3,800. The hose purchase is the same kind as now used in the fire department. The motion was seconded and adopted unanimously.

Demolition Slow
Fire Department Inspector Frank Sargent reported slow progress is being made by Harris Fisher toward demolition of a property in East Washington street, near Chestnut street. He will be summoned before council to explain the delay. Mr. Sargent also reported a coal shed at the Black property, Smith street, has been removed to the rear of the property, as requested. He also reported slow progress by Peter Wright in remedying conditions at his Green street extension structure.

Notice Of Annexation
Motion by Streets and Sewer Director James E. Gibson approved plans and specifications of the city engineer for a new location of a storm sewer underneath the Seventh Ward Relief sanitary sewer. The expense may not be over \$1,000. Mr. Gibson stated.

Council instructed City Clerk Jack H. Fritz to certify and present affidavits to Quarter sessions, Lawrence county court, giving notice of the enactment of a city ordinance whereby Hazlecroft avenue, Neshannock township, has been annexed to the city of New Castle.

Council also approved Parks and Property Director Joseph D. Alexander's resolution authorizing the inclusion of members and employees of the City Recreation commission as members of the City Officers and Employees Retirement system. Council authorized the city treasurer, B. N. Hamilton to accept \$25, from the All-State Insurance company, for damages done by an auto operated by Horace R. Lyons, South Front street, to a public square stone pillar.

Bills approved and ordered paid were as follows: Western Union Telegraph company, \$12.50; Bell Telephone company, \$198.35; New Castle Water company, \$892.78; Manufacturers Light & Heat company, \$87.38; Pennsylvania Power company, \$5,515.20; Lawrence Laundry, \$18.31, and Paul Marakas commission in delinquent taxes collected, \$54.89.

Number Of Motor
Vehicles In State
Show '47 Increase

HARRISBURG, Jan. 16.—(INS)—A 9.4 per cent increase in motor vehicles operated by Pennsylvanians during 1947 was reported today by the State Revenue Department.

During the April-through-December registration year, the department said, the number of passenger cars increased from 1,807,087 in 1946 to 1,953,654.

Commercial vehicle registrations increased 345,308 in 1946 to 388,945 last year.

Driver registrations inched up 2.9 per cent, raising the total last year to 3,532,423 compared with 3,433,661 in 1946, according to the department.

Reflecting the automobile shortage during the registration year, the department added, motor bicycle registrations jumped from 4,319 to 11,266.

Father Of Twelve
Killed By Auto

ELIZABETHTOWN, Pa., Jan. 16.—(INS)—Abram L. Snyder, 78, father of 12 children, was struck by an automobile and killed instantly Thursday while walking on the Elizabethtown-Maytown road near his Lancaster county farm.

The driver, Donald M. Emmerheiser, 21, a neighbor, told state police he had failed to see Snyder. It was the county's third highway fatality in 1948.

National Freedom
Day Proclaimed

HARRISBURG, Jan. 16.—(INS)—Gov. James H. Duff today proclaimed February 1 "National Freedom Day" in Pennsylvania, marking the 33rd anniversary of the adoption of the 13th amendment to the United States constitution ending slavery.

"Pennsylvanians have a special interest in the observance of 'National Freedom Day' since it was in this commonwealth that the doctrine of the inalienable rights of life, liberty and the pursuit of happiness written into the 13th amendment were first enunciated," Duff said.

"It is pertinent to emphasize on this occasion also the fact the 13th amendment was ratified by Pennsylvania within a week after President Lincoln had signed a resolution containing it."

Duff urged citizens to observe the day with proper ceremonies.

Martin Proposes
Airlines Pool

WASHINGTON, Jan. 16.—(INS)—Plane manufacturer Glenn L. Martin proposed a 200 million-dollar pool, preferably financed by the government, to enable the nation's airlines to replace outmoded equipment.

Martin told the Senate Banking Committee that this amount is the minimum necessary to keep the airlines from going "on the rocks."

He said the program should be set up on a self-liquidating basis over a long-range period.

The plane builder testified that Douglas, Boeing, and virtually all other manufacturers were caught short along with the Martin Co., when airlines were forced to curtail orders by a decline in postwar business.

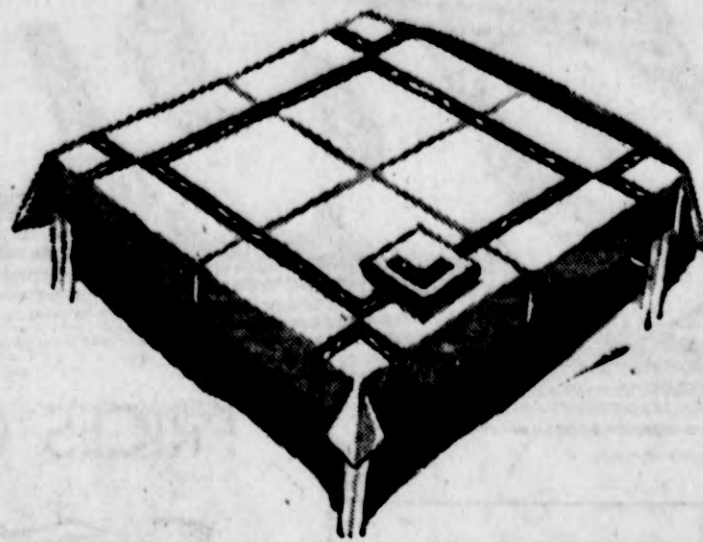

Chicago is the second largest city in the United States.

Have a heart, Mr. Hunter—in good condition. Forty per cent of the deer hunting deaths in the United States last year resulted when the hunters suffered heart attacks. It's best to have a physical examination before going after any type of game, warns the National Conservation Bureau, be-

cause a strenuous day in the field can be harder on the hunter than on his quarry.

In early colonial days the topsoil in America was about nine inches deep. Today it is about six inches on the average for the nation as a whole. In some areas it has been entirely lost.

'Night In Old Vienna' Is Pleasant Evening

Metropolitan Guild Audience Enjoys Quintet Thursday Night

For a pleasant way to spend an evening we recommend "A Night In Old Vienna". Not a physical visit to the Austrian city of course, but the program of Viennese songs presented by the six artists who appeared Thursday night, January 15, in the Cathedral. The concert was the second of the winter series by the Metropolitan Concert Guild.

This was the type of program that is enjoyed by people frank enough to admit the proudities of the old masters, a little beyond them, especially in a foreign language. For the most part it was light, it was tuneful, and it was presented by singers who enjoyed their work.

Touch Of Mozart

The program was divided into four parts. The first was all Mozart, well done to be sure, but still Mozart, and not so popular with the crowd as the following three groups, all done in English.

The second group was numbers from Rosalinda (The Bat), all Strauss, lovely and lifting. The third was from Von Suppe's "Bocaccio" and the fourth was a collection of 20th century Viennese songs.

The soprano was Kathryn Poirer, a lass of modest mien, who has a voice better than she thinks. In two numbers she was especially good, the first "I Have A Welcome Letter Here" and the second that grand old trial horse for all sopranos, "My Hero", from the Chocolate Soldier.

Martha Larrimore is the contralto of the group. All her work was good but her best thing, we believe, was Saffi's song from "The Gypsy Baron" by Strauss.

Men Were Excellent

All three of the male singers

were excellent. Jon Crain, the tenor, was heard often but like the others he had one number that topped his other work. His topper was "Yours Is My Heart Alone" from "Land of Smiles" by Franz Lehár.

Jess Walters, the baritone, is a singer with a wide background of experience and a thoroughly pleasing voice. In Kalman's "Play Gypsies" from "Countess Maritza" he was at his best.

The basso, John Gurney, is a roughish looking fellow with a charming stage presence and a voice that billows out over the footlights. Good as he was in all of his work he was at his best in "Always In Twos and Threes", an aria from "Bocaccio".

Perhaps we were a little prejudiced in Mr. Gurney's case, for he is practically a neighbor. He was reared in Jamestown, Pa., finishing high school there. He then attended Oberlin college where he majored in physics and mathematics. Music was his niche and fortunately he discovered it while there was still time to do something about it.

Paul Breisch was the accompanist and director. He was not heard alone but his deftness in accompanying and his direction did much to make the program as popular as it was.

"A Night In Vienna" was different from most any other program the Metropolitan has presented here. It was light enough to be enjoyed by people who "just like music" and it had sufficient foundation to please those who delight in "long hair" concerts. It was, in short, a pleasant way to spend an evening.

It is estimated that U. S. tourists spend more than \$214 million a year in Canada.

New Registration Period For Adult Education Classes

Earle Cass, Director Vocational Educational in the New Castle Public Schools announced today that a new adult education registration period would take place next Tuesday evening, January 20 at 7:30 o'clock at the New Castle Senior High school.

Registration for classes in clothing, typing, shorthand, bookkeeping and ceramic jewelry will be taken. According to Mr. Cass, this will be the only registration period for the second period work. Telephone or mail requests will not be

honored and those not registering at this time will not be able to take advantage of the classes for this period.

The reason for the one registration period given was due to so many hold-overs from the first semester that very few openings exist for new students. Facilities are not available to handle many more students.

The first semester period proved a distinct success with over 500 adults taking advantage of the evening classes. Classes will be held as usual on next Tuesday evening while the registration progresses.

FALL RESULTS IN TOT BREAKING LEG

Sharon Branscome, age 5 years, of 14 Round street, daughter of Mr. and Mrs. Maynard R. Branscome, suffered a fracture of the large bone of the left leg below the knee, when she slipped and fell in the driveway of her home Thursday evening.

She was treated at the Jameson Memorial hospital at 8:45 p. m. for her injuries.

Today's Question About Campaign

(No. 5 in a Series)

Q. Does anyone profit financially from Jameson Memorial Hospital?

A. No. It is a non-profit institution and the board of directors serves without pay. Only the employees who make their living by working at the hospital—nurses, cooks, stenographers, janitors, etc.—are paid. All campaign workers are volunteering their time.

DR. HOMER ALLEN LEAVES FOR COAST

Dr. Homer Allen of this city left Thursday for the 17th annual winter postgraduate clinical convention in ophthalmology and otolaryngology which is scheduled for January 19-30 in Los Angeles, Calif.

The convention is being sponsored by the Research Study club of Los Angeles.

Cost Accountants To Meet Wednesday

Local members of the National Association of Cost Accountants will travel to Youngstown's Tippecanoe Country Club on Wednesday, January 21, to hear Arthur C. Horrocks, Public Relations Counsel for the Goodyear Tire and Rubber Company. He will speak on the subject, "The Road Ahead."

Chairman for the meeting will be William E. Kincaid. The fellowship period opens at 6 p. m., the dinner at 6:30 p. m., and the technical session at 8 o'clock.

SLEDRIDER HURT

Miss Elizabeth Nye, aged 14 years, of R. D. 1, was admitted to the Jameson Memorial hospital at 8:45 p. m. Thursday for treatment of injuries sustained when she fell from her sled while sledding Thursday evening.

Examination at the hospital revealed a concussion of the brain and laceration of the scalp.

W.S.A. CHAPTER

DINNER PROGRAM
New Castle chapter of the National Secretaries Association at its January dinner meeting in the ballroom of The Castleton Thursday evening at 6 o'clock heard as speaker Mrs. Mary Louise Withers of the Bell Telephone company, whose subject was "Design for Living."

Her talk on the company's program for self-development was followed by a round table discussion by Mrs. Withers, the conclusion of which was summed up as "what you decide to do and how you do it is your design for living."

The "Design for Living" outlined by the speaker covered ten points: conversation, better speech, reading, dress and grooming, etiquette, entertaining, home decoration, family and personal budgeting, travel and vacation planning and hobbies.

Mrs. Withers was introduced by Mrs. Katherine Gross, chairman of the program committee.

Snowmen formed the winter motif for the table decorations with a snowman placard at each place.

During business, announcement was made of installation of officers of the Pittsburgh chapter on Sunday, January 18, which a group of members of the local chapter plan to attend.

February 21-22 there will be the first district meeting of the northeastern region in Cleveland at which New Castle chapter will be represented.

Serving on the reservations and decoration committee were Miss Gertrude Graham, Miss Pat Cushman, Miss Annela Flecher, Miss Peggy Wallace, Miss Magdalene Knarr and Miss Helen McCracken.

On the program committee were Mrs. Katherine Gross, Miss Elizabeth Ungar, Miss Marilyn Cutright, Miss Betty Wright and Mrs. Jean Dixon.

Next meeting will be Thursday, February 19, a dinner meeting in The Castleton.

NEWLYWEDS RETURN FROM EASTERN TRIP

Mr. and Mrs. Raymond Floyd Crump have returned from a wedding trip to New York City and have taken up residence on Grace-land road, R. D. 5.

Mrs. Crump is the former Miss Jessie Ruth Schutte, daughter of Dr. and Mrs. Walter Erwin Schutte of 235 Bank street, Sewickley.

The wedding took place Saturday, Jan. 3, at a quiet home ceremony with the bride's father officiating in the presence of the immediate families and a few close friends.

A wedding dinner was served at home following the ceremony.

Happy Dances, Mrs. Ellen Paradise, Highland avenue.

READING CIRCLE '06

January program of the Reading Circle of '06 was presented Thursday afternoon in the home of Mrs. George E. Harbison, 415 Sheridan avenue, when in response to roll call, members stated "A New Year's Resolution."

On the program there were three papers read, one entitled "Your America" by Mrs. M. P. Book, one on "Capistrano" by Mrs. Jennie Shaffer, and a humorous one about a popular radio show entitled, "The Latest Dope," presented by Mrs. J. H. Kocher.

Refreshments were served later in the afternoon, with Mrs. Mary Space as the hostess's aide.

Next meeting will be February 12 in the home of Mrs. C. J. Streib, 1407 Delaware avenue.

BELL FRIENDSHIP CLUB HAS DINNER

On Wednesday evening at the Village Inn in Harlansburg the Bell Friendship club assembled for dinner and a belated holiday gift exchange.

During business, with Mrs. Mary Yoho in charge, election of officers resulted as follows: president, Mrs. Thora Williams; vice president, Mrs. Ruth Teets; secretary, Mrs. Matrina Brundert; treasurer, Mrs. Ethel Lewis; press reporter, Mrs. Elizabeth Bartsch.

Later a social time was enjoyed with music and group singing as a pastime.

Makes Official Visit
Mrs. Ida M. Suber, Bell avenue, state president of Service Star Legion No. 176, has returned from Pittsburgh, where she attended to official business of the organization. While there she was the houseguest of Mrs. Olive B. Henderson, Crafton, Pa.

SISTERHOOD HEARS BOOK REVIEWED

At the monthly meeting of Tifereth Israel Sisterhood in Tifereth Israel synagogue on a recent evening, the group heard, as the feature of the evening's program, a review of the book "Blame It On the Match" by Marie Siroon, ably and interestingly presented by Mrs. Alec Samuels. Mrs. Samuels was introduced by Mrs. Charles Maierman.

Published in 1937, the book deals with the men and women who gave their lives to save the Jewish people in European countries during the war. It was Holland, of all the European countries, which stood by, ready to assist the Jews.

Mrs. Sam Levin, who presided, showed the organization the certificate of affiliation received from the national women's league.

It was announced by Mrs. M. Becker that Mrs. H. Greenberg will act as chairman of a special fund-raising event at the synagogue on January 25.

Jewish Arbor Day will be observed by the children of the Sunday school, it was announced by Mrs. Gus Slovinsky, by having each class plant a tree in Palestine.

Mrs. Slovinsky led prayer at the opening of the meeting following group singing of "America" led by Mrs. Slovinsky at the piano.

Reports included one on the highly successful dinner given at the synagogue recently.

Hostesses were Mrs. P. Alpern, Mrs. A. Buntman, Mrs. Simon Cohen, Mrs. Al Haenick, Mrs. C. Cushman and Mrs. Henry Cohen.

New Happy Dances, Mrs. Ellen Paradise, Highland avenue.

CRAZY EIGHT CLUB WITH MRS. E. EAKIN

Mrs. Everett Eakin, 502 1/2 Florence avenue, was a charming hostess Wednesday evening when members of the Crazy Eight club gathered in her home for their regular session.

Tables of 500 were in play, high score prizes going to Mrs. Harold Miller, Mrs. David Wheale and Mrs. Tommy Williams.

Mrs. Glenn Sager received a birthday and anniversary gift from her secret sister.

Special guest was Mrs. Anton Durat. At a later hour a dainty lunch was served by the hostess, aided by Mrs. Howard Kimmel and Mrs. Glenn Sager.

February 4 is the meeting with Mrs. Glenn Sager, State road.

EAST SIDE COUPLE TO MARK ANNIVERSARY

On Sunday, a family dinner will be served in the home of Mr. and Mrs. Fred Reider, of 724 East Reynolds street. The gathering will be for celebration of their 50th wedding anniversary.

Gay Eight Club
Mrs. Patsy Veltre, Williams street, entertained the Gay Eight club, Thursday evening.

Chat and card playing were pastimes, prizes going to Mrs. Ralph Lombardo, Mrs. Ralph Recupio and Mrs. Joseph Pauline. The club token was won by Mrs. Ralph Lombardo.

At a later hour, a dainty lunch was served by the hostess in the dining room, aided by her sister, Mrs. Joseph Sanfilippo, a special guest. Another guest was Mrs. Theodore Roman.

January 29 is the meeting with Mrs. Steve Vendemia, East Long avenue.

Happy Dances, Mrs. Ellen Paradise, Highland avenue.

Government Issues New Stamp Machine On Profitless Basis

New Government Machines Will Give You Just What You Pay For

WASHINGTON, Jan. 16.—(INS)—The post office department acted Thursday to combat the "take" of privately-owned stamp vending machines.

Postmaster General Jess M. Donaldson announced that the department is introducing for the first time its own "non-profit" stamp machine at the Rochester, N. Y. post office.

Unlike the private machines, the government will give the stamp buyer five one cent stamps for a nickel, five three cent stamps for fifteen cents and two five cent air-mail stamps for a dime.

Plan Distribution
The private vending machines offer the public only four one cent stamps for a nickel and three three cent stamps for a dime. Donaldson said that the government intends to undertake its new venture in a big way, too. Fifteen hundred machines have been ordered and will be installed in the larger first class post offices throughout the country as fast as deliveries are made.

Donaldson declared that the machines will offer added convenience to the public on Sundays, holidays and after regular post office hours. He warned also that the machines are equipped with a coin detector mechanism which rejects counterfeit or mutilated coins and "slugs."

Auto Drivers Can Check Reactions

'Driverometer' At Power Company Building Will Give Opportunity For Tests

New Castle and Lawrence county motor vehicle operators will have an opportunity January 19-24, in the display rooms of the Pennsylvania Power company to learn how they react in emergencies.

They'll learn this by operating the "Driverometer" which is being brought to the city through the McBride & Shannon agency, Pennsylvania Power company, and The New Castle News.

The Driverometer is being brought here for the purpose of more safety on the highway, where lack of alertness, and failure to respond instantly can result in death and mutilation.

In the space of one minute, give or take a few seconds, a driver is given a thorough "road test" in emergency situations without endangering life or limb.

The driverometer is equipped with a steering wheel, accelerator and brake pedals. The "windshield" is a motion picture screen on which are flashed a series of driving situations, all ending in an emergency.

The job of the driver, of he or she, who is taking the test, to handle these problems and avoid catastrophe. Intricate machinery within the driverometer measures the driver's impulses to eighth-of-a-second accuracy.

The tests are free.

Opposition Fails To Deter Sharon Wage Tax Plans

SHARON, Pa., Jan. 16.—(INS)—Despite strong opposition from labor and business leaders, Sharon city council announced today that it had ordered advertisements printed of its intent to impose a tax of seven mills on earned incomes to be collected from payrolls.

The tax is scheduled to become effective April 1 if the ordinance is finally adopted and effect earnings or net profit of all business conducted in Sharon.

Union leaders attacked the proposed levy before council as unfair because it did not consider ability to pay.

Mayor Myron W. Jones defended the proposed levy as equitable and "the only way the city can make improvements on a pay-as-you-go basis."

Half Million In State Would Get Income Tax Relief

WASHINGTON, Jan. 16.—(INS)—A half million Pennsylvania taxpayers would be relieved of federal income levies under the Republican sponsored tax reduction

bill before congress, it was claimed today by U. S. Sen. Edward Martin (R) Pa.

Would Benefit Many

The measure proposed increasing the personal exemption rate from \$500 to \$600 to exempt an estimated 459,500 residents of the commonwealth from payroll deduc-

The measure proposed increasing the personal exemption rate from \$500 to \$600 to exempt an estimated 459,500 residents of the commonwealth from payroll deduc-

tions for income levies, Martin asserted.

Approximately 105,000 additional persons 65 years of age and over would be entitled to an extra \$600 exemption under the bill, he added. Pennsylvanians in all income brackets would be able to save "millions of dollars" this year, according to Martin.

County Chapter Selects Officers

Pennsylvania Blind Association
Elects Local Directors
Officers

Directors and officers of the Lawrence County chapter, Pennsylvania Association for the Blind were elected at the annual meeting of the chapter. The results of the election follow:
Directors for one year, Mrs. E. Kaplan, Richard E. Rentz, Albert Tindall, Chandler McMillan, Frank Raffaele, Mrs. A. B. Fankhouser, Charles Lumley, Carlton Ferris and Mrs. A. Fisher.
Directors for two years, Harry Zeigler, Dr. Wilbur E. Flannery, Thomas W. Dickey, Mrs. Harry L. Gormley, Paul Dingley, Lauri Laurell, Earl R. Wimer, Roy F. Conway and Jack Gerson.
Directors for three years, William R. Hanna, John Panella, Harold Rodgers, John McClelland.

Joseph Latiano, Harry Helmick, Joseph Hartman, Kenneth Beck and John Alexander.

Officers elected follow, president, Dr. Wilbur E. Flannery, first vice president, Harry Zeigler, second vice president, Earl R. Wimer, secretary, Mrs. Harry L. Gormley, and treasurer, Lauri Laurell. Charles Lumley and William R. Hanna were elected as state trustees, with Paul Dingley and Joseph Hartman as alternates. Executive Secretary Frank Raffaele presented his yearly report showing that the manufacturing projects of the chapter are progressing nicely. A drive is proposed later on for the collection of old glass frames and lenses which can be sent to Europe.

The statement was made that the oculists of New Castle are co-operating with the chapter in a fine way.

One and a half time more tobacco can be cured in an air conditioned barn than in one with conventional equipment, according to preliminary tests by agricultural researchers.

Building Operations Shown Falling Off

HARRISBURG, Jan. 16.—(INS)—Building operations dropped off sharply during November, 1947, after reaching a peak during October, it was reported today by the department of labor and industry. Building permits issued by 314 municipalities declined from 7,142 in October to 4,143 in November, a drop of 42 per cent, according to the department.

Decrease Shown
During the same period, estimated expenditures for all types of construction decreased from \$30,762,353 the previous month to \$21,467,119 in November.

The month marked the beginning of a seasonal slowdown for residential construction, the agency reported.

Permits issued for family dwellings totaled 1,422 in November while licenses for non-residential units, improvements and installations totaled 2,721.

Urges Guarding Of Air Secrets

General Hoyt S. Vandenberg Stresses Need For Voluntary Censorship In Air Research

By GEORGE MOISE
(U.S. Staff Correspondent)

WASHINGTON, Jan. 16.—Gen. Hoyt S. Vandenberg, vice-chief of staff of the air force and former director of central intelligence, called today for voluntary censorship on aeronautical research and development to protect whatever scientific advantage the United States might have in the air.

Vandenberg, in an exclusive interview, declared he agrees with the report of President Truman's air policy commission which said that "rigid enforcement of wartime security measures with regard to advanced aeronautical development is necessary now."

On Voluntary Basis
The youthful appearing general added, however, that censorship would have to be on a voluntary basis. He declared: "In this country you couldn't have anything else."

Vandenberg agreed with Thomas K. Finletter, chairman of the air policy commission, who asserted that much material is being kept secret that does not have to be concealed, but that other material that merited secrecy is common knowledge.

The general said that voluntary censorship on the part of news media could exist only during the research and development stage of aircraft, guided missiles, engines or weapons. Vandenberg declared: "After you reach the tactical stage, with planes in operation, you can't keep them secret."

Besides, if we have them in the tactical stage, we are two years ahead then."

Pretty Hard Secret

He explained that it would be a practical impossibility to keep secret an airplane that had been delivered, even in comparatively small quantities, for operational use.

But, the general said, we should keep secret the development of "anything that might possibly give us an advantage over another country—anything that has to do with progress."

Stassen To Enter At Least Four Of State Primaries

SALT LAKE CITY, Jan. 16.—(INS)—Presidential Candidate Harold E. Stassen will enter at least four presidential primaries—in Nebraska, Wisconsin, New Hampshire and Arkansas.

Stassen also said in Salt Lake City that he may enter primaries of all other states, except Michigan.

The former Minnesota governor told a news conference that Republican members of congress should adopt a three-point program to level off prices and should approve the Marshall plan "on a sound basis."

Stassen said the Republican majority in congress should provide new power to the government to limit excessive inventories, to further restrict consumer credit, and to limit tax reduction to about three billion dollars.

Attacks Budget
He attacked President Truman's budget as "too high for ordinary activities of government," and lashed at the president's tax reduction proposal of \$40 per person as "unsound, and announced for purely political reasons."

Stassen urged a ceiling on individual credit.

Tax reduction, he said, should be mostly on small and new business.

Stassen praised the leadership of Sen. Arthur H. Vandenberg (R) of Michigan on the Marshall plan. He said the plan should be administered by an American agency and followed up to see that the aid goes where it is intended.

HERE AND THERE IN SPORTS' LAND

HAVING burned his hay, husked his corn, buried his cabbage, apples, beets, turnips, butchered a beeve and arranged straw to keep his horse warm through this frigid weather Bob Latera has turned attention from his East New Castle ranch to boxing, for which he has deep affection, and Here & There may add, aptitude. He has made an arrangement with the Jefferson Athletic club, whereby he will take over the instruction of youngsters who would learn something of the art of hit and miss. Bob has been affiliated with Jimmie Dime, Jimmie Dunn, Jess Willard and Jim Jeffries, from whom he obtained his pugilistic knowledge. Bob developed John Banko, West Pittsburg, who proved one of the best lightweights hereabouts. He was known mainly for his "sock". He also taught Eddie Flick, Oil City, who, by the way, uncovered Sinokey Robinson who staged some hurricane battles in The Arena. He expects to have a large class of youngsters within the near future. While on the Pacific coast with Jim Jeffries, former world's heavyweight champion, Jeff told Bob, that no one should allow himself to be hit on the jaw, if he could prevent it. In fact, that statement, naturally included other portions of the anatomy. Jeffries went on to tell Bob, that he discovered this while hammering a drift pin into place one day. The hammer struck the drift pin, which bounced out of place, struck Jeffries on the point of the jaw and knocked him out. "That taught me something," Jim told Latera.

Armed, considered to be the fastest horse of today, was a lead pony five years ago. . . . Polo was played by the Persians, 2,500 years ago, according to historians. . . . Max Loewenstein, Detroit, caught a 350-pound, man-eating shark, over 10 feet long, in the Florida Keys. He battled the man-eater one hour and a half. . . . Three thousand fans and fanettes are expected to see Duquesne has not yet lost a game, but have won 11. . . . Coon and fox hunters will be hosts to the Lawrence County council of sportsmen tonight at the McBride Post, 522, V. F. W. Grant street. . . . "Fastest boxer with his hands I ever saw was Midget Wolgast of Philadelphia," Sam Ross reports, after which he recalled the Bat Terry vs. Willie Gradwell fight here in which Terry staged a come-back after having been floored five times in the first round. . . . One veteran hunter here believes that the absence of muskrats along the Slippery Rock may be due to tularemia, or the disease that attacks rabbits. . . . Cowden Moore, a marathoner of years ago, migrated recently from his Nashua cottage to the city for several days visit. . . . In bolstering his plea for a fight with Elkins Brothers, Jim Russell of Pittsburgh, through his manager, Gus Greenleaf reports that he also knocked out Jeff Clanton in two rounds. . . . Great herds of walrus once inhabited St. Lawrence gulf. . . . Two bucks standing side by side were killed by one 32 Winchester shot fired by Dr. Louis J. Levesque of Hull, Quebec, Canada.

Talking of today's middleweight, how would they match up with Eddie McGahey, Jimmy Clabby, Mike Gibbons, Wild Bob Moha, Les Dorcy, Tom Gibbons, Jack Dillon? Imagine Rocky Graziano or Marcel Cerdan walking into punches from an aggregation like the aforementioned. . . . Chicago has a new bowling alley in which lighted images replace the pins, and no boys are needed to set 'em up again. The device, a distant cousin of the pinball machine, was invented by Henry W. Leavitt of Ogden, Utah, with encouragement of Louis P. Petersen, Chicago bowling impresario. Petersen, who demonstrated the pinless wonder recently, says it can record all possible combinations of "leaves" although only seven pin images are used in place of the usual 10 pins. . . . Howard Vocke, All-Eastern guard from St. John's plays for Akron College. He stands 6'3". . . . Although he's not a participant of sports, Dude Moore has been a police department "catcher" for 32 years. . . . When it comes to ties, Pat Scopio has an eye for pickin'. . . . John (Junk) Jones, former outfielder, is slightly improved in the New Castle hospital, following a stroke. . . . John McKibben, World War I vet, was a masseur for more athletes than any other in the city.

Change Substitution Rule

SAVANNAH, Ga., Jan. 16.—(INS)—A revamping of the regulation governing substitutions is one of several minor rule-changes adopted by the National Football Rules committee in Savannah. The three-day annual meeting of the committee, under the chairmanship of W. J. Bingham, of Harvard, wound up its final sessions yesterday. Under the new substitution rule, a team may substitute for only injured players after using up its legal number of time-outs. During such additional time-out for the removal of injured players, however, only the opposing team may substitute at will. Under the old rule, both teams could substitute freely during such injury-removal periods. The rules committee also adopted a stipulation that a receiving team may take the ball ten yards ahead of the kick-off point should the ball be kicked out of bounds on two consecutive kick-offs. Further changes allow the use of a small tee in place-kicking or in kicking extra-point, but state that a field goal may not be scored on a kickoff.

Shenango-Bessemer In Vital Battle

Ciccone Lads Block Wildcat Victory Road

Section 23 Quints Primed For Battle; Section 3 Fives Busy

ROCHESTER RAMS PLAY NEW CASTLE

The most dazzling pyrotechnics of the Section 23 chase are due to be touched off tonight when Shenango's sharp-clawed Wildcats invade the domain of the Bessemer Cementers.

Galloping at the head of the pack with three wins and no losses, Coach Eddie Nahas' Wildcat will find their toughest work out for them in a tilt that should go a long way to clarify the title Coach Ciccone scramble. The Cats have defeated Mt. Jackson, Wampum and East Brook, while Bill Ciccone's flippers have knocked off the Brooks and Princeton and were downed by New Wilmington by a lone point. The Cement City boys, sparked by their high-scoring forward, "Gus" Anderson, are eager for a crack at the East New Castle five and would like to be the first team

BY-PASS EUCLID, CAGE FANS ASKED DUE TO SLEDRIDERS

In order that kiddies in the North Hill district may sleddie in safety tonight, the fans motoring to the New Castle-Rochester game at George Washington high are asked not to use Euclid avenue but to go by way of Sheridan. The sled-riding course is on Al-bert street and the Euclid intersection will be barricaded.

to sidetrack them. Shenango, lacking height but long on fight and aggressiveness, would move into a commanding lead if they win tonight.

Other Contests
Other class "B" offerings find Mt. Jackson at Union, East Brook's dangerous Eagles tangling with Wampum and New Wilmington going to the Princeton court.

Four teams are bunched behind Shenango in the race and interesting developments are expected. In Section Three the big battle of the evening will pair Farrell against the surprising Beaver Falls combine at the Steelers' floor.

Since their opening night loss to Alliquippa, the Tigers have bumped off New Castle and Sharon to fight back into the picture and should give the touted Lewis men a real struggle. Meanwhile Alliquippa goes to Sharon and is favored to cop No. 3. Ellwood City returns to action and plays host to winless Ambridge to round out the card.

New Castle draws a loop bye but will be active nevertheless, taking on Rochester high in an exhibition fray at George Washington high court. The Rams are one of the powers of Section IX and only Tuesday dropped their first league game. Paced by "Skip" Doyle of grid fame, the valleyites will bring a tough team here bent upon upsetting the Red and Black.

HARRISON LEADS RICHMOND OPEN
RICHMOND, Cal., Jan. 16.—(INS)—"Old man par" was getting another beating today as the nation's leading golfers started on their second round of the \$10,000 Richmond Open Golf championship.

Led by lean and lanky E. J. ("Dutch") Harrison, of Little Rock, Ark., 39 golfers assaulted par yesterday in the first round, while another 13 equalled par figures.

It was slow-talking Harrison, the self-styled "Arkansas Traveler," who showed the way his 35-30-65 of yesterday, a new course record for the revamped Richmond layout of par 37-35-72.

Harrison climaxed his round of six birdies and a bogey by dropping a 30-foot eagle putt on the final hole to go into a one-stroke lead on the field.

EMBREE SIGNS
NEW YORK, Jan. 16.—(INS)—Pitcher Red Embree, strong right-hander recently obtained from the Cleveland Indians for outfielder Allie Clark, signed his 1948 New York Yankee contract today.

Club secretary, Author Patterson made the announcement. The Yanks have now signed 13 players.

JIMMY FARRELL

One of the aces up coach "Chick" Davies' sleeve this year is Jimmy "Hooks" Farrell, former Central Catholic high star of Pittsburgh, one of Duquesne U.'s best game-breakers.

Farrell has appeared in 8 games so far, scoring 43 points and is usually injected to shatter the defense with his accurate long shots.

The unbeaten Dukes show at Farrell gym Saturday night against Akron U. Many local fans are expected to be in the stands to see the classy Bluffites go after their 12th in a row.

Touted Texan Gets His Chance Against Janiro

NEW YORK, Jan. 16.—(INS)—Lavern Roach, the young Texan who is being hailed as another Gene Tunney, gets his big chance at Madison Square Garden tonight. Roach, like Tunney, came out of the Marines to build up an impressive record as a professional. Since his discharge he has won 22 of 23 starts, the last 17 in a row.

Tonight, however, he will be a 13 to 10 underdog in his 10-round bout with classy Tony Janiro, of Youngstown, O. This is the toughest fistic assignment the Leatherneck has yet faced. Janiro has won 63 of 67 bouts. However, the baby-faced Youngstown boxer is moving up from the welterweight division to the middleweight class and will be outweighed by about four pounds.

Baxter Wins But Jack Biddle Loses

Russell Baxter won but Jack Biddle lost when they battled at Aragon gardens, Pittsburgh, last night. Baxter defeated Clyde Jenkins of Uniontown, in a middleweight fight that went six rounds.

Biddle dropped the decision to Ossie Neal of Donora in the six-round semi-final. In the main bout, Jumpin' Joe Barone, Bloomfield, scored an impressive 10-round decision over Jose Manuel of Cleveland, at 12c pounds.

Falcons-VFW Play Tonight

Coach Henry Koszela will send his Polish Falcons against the strong VFW No. 315 Post team at the Falcon Hall tonight. It was announced. The game will start at 8 o'clock.

The Falcons are anxious to get started on a long winning streak. The Falcons opened last Sunday by trimming the fast Rochester Legion in an impressive manner.

West Pittsburg Meets Tonight

An important meeting of the West Pittsburg baseball players and fans will be held at the Diaz Club at 7 o'clock tonight for the purpose of talking over the 1948 season.

All fans in West Pittsburg interested in baseball are invited to attend the meeting and express their views.

Tandberg Tanks He May Go Home Before Next Bout

PITTSBURGH, Jan. 16.—(INS)—Ollie Tandberg, the Swedish heavyweight who dropped a decision to Joey Maxim of Cleveland recently, may go home to Stockholm before he fights again. Bunny Buntag of Pittsburgh manager of Art Swiden, somewhat sensational young heavyweight said that efforts of two promoters to match his fighter with Tandberg thus far had been unsuccessful.

Nick London, of Detroit, and Jack Begun, promoter at Chicago stadium, had been trying to close the match, to which Buntag had agreed.

Last night he said both London and Begun had informed him it appeared probable Tandberg would return home unless he could get a bout with a "big name" fighter.

Mahoning Loses To Beaver Falls

Mahoning junior high dropped a 16-13 game to Beaver Falls yesterday at the Tigers' floor. The valley school had a big third stanza which sealed the victory. Next Tuesday the Mahoning flippers will engage Ben Franklin at the Patriots' court.

Motorcycle Club To Meet Tonight

Members of the Lawrence County Motorcycle club will have an important meeting tonight at 8:15 o'clock at 324 South Jefferson street. It was announced by President Irwin Nickum. All members and riders are urged to attend.

Leahy Heads Rumor List To Coach Lions

By DAVIS J. WALSH (International News Service Sports Writer)

NEW YORK, Jan. 16.—It can be definitely stated today that Frank Leahy, always the handy, all-purpose nominee among rumorists and guess-gainers, will be asked by the incoming ownership to coach the Detroit (National league) Lions in 1948.

At the same time it was almost equally definite that Wally Butts of Georgia had been soundly out, indirectly and provisionally, in the same connection, and had indicated he wouldn't be interested in leaving the Athens campus at this sorm any intermediate date.

Also due for a discreet inquiry—provided it hasn't already happened—is Dr. Eddie Anderson, head coach at Iowa.

But clearly high man on the preferential list was Leahy, as the weary beary magnates of the National Football league assembled for another day of their annual meeting.

And Leahy it evidently will be—until such time as the messiah of South Bend either gives them the nod or the shake off.

The latter might be reasonably looked for, in view of Leahy's reputed \$400,000 income from all sources while holding the Notre Dame job which, by the way, he has contracted to continue holding until deep in the 1950's. But the situation is not completely without conflict and an element of personal values.

Revenue Source
Some of Leahy's revenue, in fact, has been coming from the beer-baseball and radio group, which yesterday acquired franchise control from Fred Mandell for a reputed \$200,000.

Moreover, broadcaster Harry Wismer mightn't have been in the investment as heavily as "Spike" Briggs, who supplies Briggs stadium and those motor car millions. Likewise, Edwin J. Anderson, the brewer; Charles T. Fisher, Jr., of the auto-body fortune, or perhaps D. Lytle Fife, the new club president.

But it was Wismer who originated the dicker and organized the buying group. And he is definitely Leahy's "man" and, or vice versa.

Iowa's Anderson, who tried unsuccessfully to resign last season, denied at Iowa City yesterday that he had been approached by the Detroit syndicate or knew anything of its plans.

But reliable testimony placed him in the company of Wismer, Briggs and Fisher only two weeks ago at the Sugar Bowl.

Secondary Choice
This incident has served to rate the doctor a strong secondary choice potential for the Detroit spot, where the payoff would be a minimum \$40,000 to Leahy. But not quite so gaudy in other cases.

The Detroit development alone saved the NFL meeting from utter tedium yesterday, there being

Elks Awaiting Butler Quint

Game Saturday Night At Washington Floor Will Provide Local Five With Test

Coach Paul Morrison and his New Castle Elks have a tough assignment for Saturday night at the Washington high floor as they prepare to battle the Butler Elks.

In the prelin at 7:15 o'clock Coach George "Dad" Patterson will send his Elks Reserve in action with the Universal Pottery.

The Elks "Big Five" is anxious to atone for the setback last Saturday night at the hands of the coaches of the Beaver Valley, playing under the banner of the Alliquippa Elks.

Will Look Better
"We'll look better tomorrow night," said Coach Morrison as he watched his Elks charges go thru a tough workout. "I'm keeping young Don Waters, the former New Castle High flash, in the starting lineup, he played a fine game for us against Alliquippa."

Franny Pitzer and Cash Koszela are scoring better this year than for several years and will be in the game for the Elks tomorrow night at starting births. Bob Pitzer was ill in bed and missed the game last week, but will be back in the lineup Saturday.

Butler is bringing a formidable array of stars here to meet the locals, including former Butler High and college luminaries.

Junior Church Games Saturday

Six games will be on the card Saturday in the Junior Church League. The time for play has been advanced, and the players are asked to take notice. The schedule is as follows: 3:00, Epworth vs. St. Paul; 3:45, First Presby vs. Croton; 4:30, S. S. Alliance vs. First Christian; 5:15, First Baptist vs. Third U. P.; 6:00, Trinity vs. First Methodist; and the finale of the evening the St. George quintet will play the First U. P. team at 6:45.

Pittsburgh Pros To Play Pulaskis

Pittsburgh Pirates Plus Ollie Rankin, All-American, At Arena Floor Sunday

The Pittsburgh Pirates professional basketball team, plus Ollie Rankin, former All-American floor star, with Muskingum College, and the New York Celtics, will play the K. Pulaski "Big Five" at the Arena Sunday afternoon at 3:30 o'clock.

This is another stellar presentation by the Pulaskis and Coach Al Gonet, and will be worth seeing. Rankin is over 6 feet and was with Toledo Jeps in the National Pro league for several years after he left the Celtics. He is without a doubt the most highly publicized basketball player in America today.

Have Strong Lineup
The Pittsburgh Pirates will bring the following stars here for the game. Joe Fabel, 6 foot 4 inch, former Pittsburgh Ironman, of the American Pro league; Mat Vaniel, 6 foot 2 inch Pirate star; Fred Crum, 6 foot 1 inch former All-American guard at Pitt; Jake Wakefield, 6 foot 1 inch Pittsburgh Pirates; Sam Radanovich, 6 foot, former Pitt luminary; Joe Urso, former Duquesne University player under Chick Davies; Johnny Stephens, 5 feet 9 inch, highest scoring forward in the Pittsburgh area; Chuck Feeney all WPAL forward at Westinghouse High, 5 feet 11 inches.

The Pirates have represented Pennsylvania in the Chicago pro tourney for the past four years. During a five-year period they have met and defeated such teams as Syracuse Nationals, Toledo Jeps, Indianapolis Kautsky, Globe Trotters, New York Rens, Kansas City Stars, Hawaiian Stars, and the All-American Red-Heads.

New Castle fans will see the best in the country here Sunday at popular prices. The Arena can seat 2,000 for basketball.

VIOLETS SMASH TARHEELS, 63-34

NEW YORK, Jan. 16.—(INS)—New York University's basketball prestige reached a new high today as a result of the Violet's smashing 63-34 victory over North Carolina University in a clash of unbeaten teams.

North Carolina's Tar Heels could not get started in the first half when they committed almost every conceivable mistake.

Gaston Post To Play Bessemer

The Perry S. Gaston Post basketball team will pry off the lid on the Lawrence County Legion floor league at the "Y" Saturday night, by meeting the Bessemer Legion, at 7:15 o'clock.

The Colored "Y" will play a game at 8:15 o'clock. There is no charge for these games.

ALLIANCE WINS THRILLER

CAMBRIDGE SPRINGS, Pa., Jan. 16.—(INS)—Jim Kissel's field goal with 43 seconds left to play enabled Alliance College to come from behind and upset St. Francis 45-44.

St. Francis led at half time 23-17 and appeared on its way to an easy victory. However, Alliance's consistent floor attack in the last half brought about the victory which was the biggest upset of the year in the tri-state district.

Carl Burd of Alliance and Frankie Mansfield of St. Francis shared individual scoring honors with 15 points each.

BUTCHER DIES WATCHING BOUT

PITTSBURGH, Jan. 16.—(INS)—Joseph Marinez, 58-year-old butcher, when he collapsed during a preliminary bout at the Aragon gardens last night.

William A. McChancy, a 59-year-old retired businessman, died under similar circumstances Monday at the Pittsburgh gardens.

Marinez was pronounced dead by a fight commission doctor.

3 NEW SCOUTS ADDED BY BUCS

PITTSBURGH, Jan. 16.—(INS)—Ray Kennedy, farm director of the Pittsburgh Pirates, today announced he has added three more members to his far-flung scouting system.

The new scouts are Charley Hargreaves, former Pittsburgh and Brooklyn catcher; Bob Shawkey, former New York Yankee pitcher and manager; and Ellis Johnson, a Texan, who played many years of minor league baseball.

Hargreaves and Shawkey will comb the eastern part of the nation as a team, seeking batterymen. Johnson will cover the Louisiana-Texas sector.

Storm Sewer Outlet
Sealed Proposals

Sealed Proposals will be received at
the office of the City Clerk, City
Building, New Castle, Pennsylvania
until 10 o'clock A. M., Thursday, Janu-
ary 22, 1948 for the construction of a
Storm Sewer Outlet under the Big Run
Branch tracks of the Pittsburgh and
Lake Erie Railroad Company, as a
part of the Belter Sanitary Sewer of
the said City, according to plans and
specifications, and a drawing No.
20-2A, which have been prepared by
the City Engineer, approved by
Council, and are on file in the office
of the City Clerk.

The said construction shall also be
done according to stipulations made by
the Pittsburgh and Lake Erie Rail-
road Company in a letter dated Janu-
ary 12, 1948 to John Z. Street, City
Engineer, which stipulations may be
examined in the office of the said
City Engineer, and they shall be a part
of the specifications for the said work,
and must be strictly adhered to.

The bids shall be submitted at unit
prices for cubic yards of reinforced
concrete in place, and shall be accom-
panied by a certified check in the sum
of one hundred (100) dollars to guaran-
tee the execution and performance of
his contract by the successful bidder.

The said bids will be opened at a
meeting of the Council of the City of
New Castle, at 10 o'clock A. M. on Monday
morning, January 26, 1948, and the Council
reserves the right to reject any and all
bids.
